Tax Relief For Rails Hits Snag

Levitt Proposes Further Study, Special Session

ALBANY, N. Y. (AP) — Gov. Rockefeller's railroad tax-relief program ran into trouble today in the waning hours of the 1959 session of the Legislature.

As the Legislature moved toward adjournment, the Democratic minority leaders of both houses declared themselves opposed to the plan, which was designed to aid financially pressed railroads.

Some Republicans in the Assembly also were grumbling.

\$15 Million Tax Loss
The Rockefeller plan would force communities in the state to cut property taxes on railroads by up to a total of 15 million dollars over a three-year period. The governor also proposed to use 20 million dollars in state money to buy railroad cars and lease them to commuter lines.

Senate Minority Leader Joseph Zaretski of Manhattan said all Democrats in his house would vote against the program because of the local tax loss and what he said was "undue haste" in acting on the legislation.

The Assembly's minority leader, Anthony J. Travia of Brooklyn, said he would call a conference of Democratic assemblymen "to discuss what position we should take."

Last Major Hurdle
State Comptroller Arthur Levitt, a Democrat, urged further study of the plan. He suggested action could be taken at a special session later this year.

The rail program constituted the last major hurdle to adjournment. Although the official closing time was set for 1 p. m., the final session was expected to run well into the afternoon or early evening.

Assembly Speaker Oswald D. Heck said numerous objections to the tax-loss feature of the rail program were raised at Tuesday's conference of Assembly Republicans.

However, Majority Leader Joseph F. Carlini said he thought he could muster enough Republican votes to pass the plan. Senate Republicans already had endorsed it.

Other Pending Bills
Other important measures ticked off for closing-day action included the 19-million-dollar pay raise for state employees, extension of unemployment insurance coverage to all workers and renewal of the residential-rent-control law.

The pay bill was approved by the Senate Tuesday and sent to Assembly, which in turn passed the jobless-pay measure and dispatched it to the Senate.

A full day of action also saw

Drive for Library Raises Over \$950

More than 770 memberships and receipts totaling over \$950 resulted of Tuesday evening's house-to-house canvass to raise funds for the Kingston City Library.

Participating in the solicitation were members of the Key Club and Prisma—Kingston High School student organizations and Kiwanis Club.

John Jordan, treasurer of the Key Club, said today contributions still are being received, and it is expected that the total will exceed \$1,000.

The drive was conducted to raise funds for the purchase of additional books and periodicals.

Engineer Study Shows Millions to Be Wasted on Schools, Curriculums Hurt

An engineering publication charged today that millions of dollars will be wasted this year in building and operating needlessly complicated schools, a "finding based on analysis of three new secondary school buildings that are typical of modern design."

Engineering News-Record, a McGraw-Hill publication, said "the study was prepared by an engineer who has helped build more than 180 schools."

Qualified voters of the Greater Kingston Consolidated School District will vote May 5 on a \$5,980,000 school building program, or face a \$4,650,000 pro-

Quitting Baghdad Pact

Iraq's Withdrawal Won't Affect Arms

LONDON (AP)—Britain's policy of supplying arms to Iraq will remain unaffected by the decision of the Iraqi government to withdraw from the anti-Communist Baghdad Pact, a Foreign Office spokesman said today.

Iraqi Premier Abdel Karim Kassem Tuesday announced the decision to pull out of the alliance. His move may have been intended to mollify both the pan-Arab followers of President Gamal Abdel Nasser of the United Arab Republic and the Communist bloc.

No Action on Base
The Foreign Office spokesman said Iraq has not asked for reduction of Britain's air staging

School Committee Has No Comment Yet, Ryan Opinion

Alderman James K. Ryan (D) 10th Ward, Common Council majority leader, as a member of the committee of 50 considering the proposed new Kingston district school building program, said today that in his opinion the committee is noncommittal on the project to date.

Opposition to the education board's procedure in dealing with the proposed program was expressed in a letter from the Education Committee of the Kingston Civic Association, and Robert H. Herzog, president of the education board, indicated yesterday that there appeared to be no opposition from the committee to a proposed \$6,000,000 school building program.

Expect Data April 2
Ryan said it was his understanding that the committee was to indicate no opinion until more information was obtained, and that, he said, was expected at an April 2 meeting.

The Civic Association letter asked how taxpayers could be expected to vote intelligently on the proposal when plans are not ready for study and the vote

Beltline Service Cut

The Washington-Foxhall beltline bus run starting March 29 will stop service Sundays at 6:15 p. m., Thomas J. Gadd, president of the Kingston City Transportation Corp., announced today. The cut in service is due to lack of patronage on the Sunday night beltline runs, he said.

base at Habbaniyah, west of Baghdad, where about 600 Royal Air Force personnel and several planes are stationed. But he said its position "and various other bilateral arrangements between ourselves and the Iraqis are under discussion."

As to arms for Iraq, Britain has been reported considering resuming shipments which were stopped when Kassem's revolt last July overthrew the pro-Western monarchy and government.

Pullout Expected
Ever since last July, Iraq's withdrawal from the Baghdad Pact had been expected.

The alliance took its name from the Iraqi capital, where the pact was signed in 1955 by Iraq, Iran, Pakistan, Turkey and Britain. The other four governments and the United States already had written off Iraq as a military ally. Kassem had boycotted all pact activities since his revolutionists overthrew the pro-Western monarchy last July, and the alliance's headquarters are now in Ankara, the Turkish capital.

U.A.R. Reaction Disdain
The first reaction from the United Arab Republic was one of disdain. The semi-official Middle East News Agency, repeating the old charge that the pact sought to destroy Arab nationalism, said this also was the aim of "Kassem's policy as well as the penetration of Communist imperialism into Iraq."

Nasser has accused Kassem of joining the Communists in a campaign against the U.A.R. and Arab unity. Kassem, backed by Soviet Premier Nikita Khrushchev, has accused Nasser of fomenting the recent abortive army revolt in northern Iraq.

May Feel Pressure
Diplomats said that Kassem, though publicly trying to ignore Nasser's attacks, may be feeling the pressure of the U.A.R. leader's pan-Arab movement. There was speculation that the Iraqi premier hoped to demonstrate to the Arab world that he was free of Western influence. But Kassem's communist backers in Baghdad and Moscow also have assailed the alliance with the West ever since its formation, and his withdrawal from it was certain to please them.

N.Y. State Bills Call For More Power in War Against Crime

ALBANY, N. Y. (AP) — The Legislature forged new weapons today for crime fighters to train on labor extortionists, income-tax evaders and conspirators.

Bills to carry out Gov. Rockefeller's program against labor racketeering and organized crime were among hundreds of the lawmakers passed in a final dash to adjournment late today.

The Assembly prepared to pass a Senate bill to extend the statute of limitations on income-tax evasion from the present two years to three years.

The Senate took up an Assembly-approved bill to make it a felony, instead of a misdemeanor, to conspire to commit major crimes.

The Senate sent to Gov. Rockefeller a measure to make it a felony for labor-union officials to solicit bribes or for management to try to bribe union leaders. Such offenses now are misdemeanors.

The maximum penalty for a misdemeanor is a year in jail and a \$500 fine. Longer jail terms and higher fines may be imposed for felonies.

Other Developments
In other developments of the adjournment dash, the Senate passed and sent to the governor bills to:

Remove the 3½ per cent interest ceiling on Thruway Authority bonds and allow that agency to compete in the present bond market, where rates are over 4 per cent.

Allocate \$200,000 for special aid to education in districts where housing developments have caused a sharp upsurge in school enrollment.

Seat to Governor
Passed in the Assembly and sent to the governor were measures to: Extend to June 30, 1960, the state's security risk law, designed to keep subversives out of sensitive posts in government.

Authorize the public works superintendent to acquire property for construction of a parking facility near the state capitol.

Passed in the Assembly and sent to the Senate were bills to: Authorize courts to enjoin, for at least five days, strikes and oth-

Authorize New York City to use for its subways nearly 100 million dollars it will receive from sale of its power plants.

The Senate gave final approval for this session to a proposed constitutional amendment to designate Albany officially as the state capitol.

The measure must be passed by the Legislature elected in 1960 before it can go to the voters.

Lions Give Data About More Booths

Details on more of the booths at the coming 12th annual Kingston Lions Club Industrial Exposition and Home Show have been announced. To be held April 7-11 in the State Armory on Manor Avenue, the event will feature the products of area business and industry, according to Donald E. Briggs, general chairman.

The committee has exerted every effort to make this show a memorable one. As in the past, all proceeds will be used for community service projects. The displays of some of the booths are as follows:

The White Star Transfer will show the latest in new cars and wardrobes, demonstrating the "Clean Pack" method of boxing dishes. An exhibit of new "natural color" photography will be the high point of the Tom Reynolds booth, along with tone prints and hand-colored prints. The theme of M. Yallum Sons, Inc., will be the great outdoors, with all the latest in camping equipment. Royal Tire Service will exhibit a full line of both new and retreaded tires, as well as Exide batteries. Two new Renault cars, a "Dauphine" and a "4CV", will be displayed by Peper's Garage, the author-

Vote Is Bipartisan

Ike Spending Gets Support in House

WASHINGTON (AP)—A bipartisan House vote for increased spending has given President Eisenhower a major legislative victory but may cost Republicans in Congress some 1960 campaign ammunition.

With heavy Democratic and Republican support, the House late Tuesday shouted approval of a \$2,657,402,944 supplemental appropriation bill after handing its Appropriations Committee one of its worst setbacks in years.

Principal Victory
The principal victory for Eisenhower lay in inclusion of 100 million dollars for the foreign aid development loan program. He had asked 225 millions but the committee had allowed nothing.

In addition, the House increased funds for eight other agencies for the remaining three months of the present fiscal year, though not as much as Eisenhower had asked.

No Effect on Next Year
None of the spending will directly affect the 77-billion-dollar budget Eisenhower has proposed for next year.

As the bill went to the Senate, it allotted \$177,880,500 more than the committee had approved but still was \$207,551,532 below the total requested by the President.

Extra money added to the committee's usually inviolate recommendations were the 100 million for the Development Loan Fund, \$50,300,000 for defense education programs, \$100,000 for the Recreation Resources Review Commission, 2½ million for the District of Columbia, \$4,308,500 for in-patient care of veterans, \$2,100,000 for the Treasury Department, 18 million for the Post Office Department and \$20,000 for the Narcotics Bureau.

Much of the added money was asked to pay for salary increases

Warns Reds On Bluff For Talks

Attendance Still Hinges on Gains Made by Ministers

WASHINGTON (AP)—President Eisenhower said today he believes the Western Allies will have to meet at the summit with Soviet Premier Nikita Khrushchev to get any sort of valid agreement on German problems.

But no one is going to command the United States and the other Western powers to show up at a top level conference, the President told a news conference emphatically.

Holds to Early Stand
The West will not be bluffed or blackmailed into going to the summit, he said.

Eisenhower thus said anew, although indirectly, that his attendance at any summit meeting will be contingent on progress at an earlier conference of East-West foreign ministers.

The President was asked specifically whether he attaches any conditions to meeting at the summit with Khrushchev and this country's Western Allies.

Reply to Be Made Public
At the time of Eisenhower's talk with British Prime Minister Harold Macmillan there were reports from British quarters that Eisenhower had agreed unconditionally to go to a summit meeting.

Today the President noted that the reply of the Western Allies to a March 2 Soviet note regarding a summit conference has now been coordinated with the North Atlantic Treaty Organization. That reply, he added, will be made public soon, and the answer to the matter of any conditions in connection with a summit meeting will be disclosed in that note.

Convictions Unchanged
But he went on to say that his convictions concerning a summit conference have been known for years and that he never has changed them.

That was an obvious allusion to his statements, as recently as a week ago, that he would go to a summit meeting if developments in the meantime should warrant it.

At another point Eisenhower was asked to explain just what he had in mind when he said last week in a nationwide television radio address that there must be justification for a summit meeting.

Rules Out Subordinate
He replied that he meant progress, obviously at an earlier foreign ministers conference—that would justify a top level conference.

Still later at today's session with newsmen, Eisenhower was asked whether he felt anything worthwhile could come of a meeting.

Change in Refuse Pickup

Wilson, Bush Bills Clear Up Boundary of 2 Towns

Similar bills introduced in Albany by two area legislators would reestablish the northwest boundary line of the town of Esopus near the confluence of the Wallkill River and Rondout Creek in the center of the two streams.

The bills are sponsored by Assemblyman Kenneth L. Wilson and Senator E. Ogden Bush, and were introduced in the Legislature in February. The Wilson measure was passed in the Assembly last Monday.

The legislators explained that in 1818 a law was passed annexing a portion of the town of Hurley to the town of Esopus. Passage of the bill led to confusion over the determination of the Esopus line, and resulted in recent litigation.

In former days when townships were mapped under "patents" certain lines were held to

be the boundary, and it was explained that certain locations were indefinitely laid out. The bills seek to clarify and redefine the exact town lines.

Under the Wilson bill the center line of the Wallkill River and Rondout Creek becomes the boundary line, amending the 1818 law and the laws of 1842 under which a portion of the town of New Paltz was annexed to Esopus.

As amended by the Wilson bill, the law of 1842 would define the town of Esopus line as: That part of the north portion of the town of New Paltz lying and being north of a line beginning on the Hudson River at the southeast corner of a farm owned and occupied by William Waring.

The line runs 58 degrees north and 45 minutes west to the center of the Wallkill River and up that stream, as it runs, to the present line of the town of Esopus.

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP) — What are you going to live on when you're old?

Even some of the rock 'n' roll generation may think about that once in a while. And the U.S. Supreme Court's decision on vari-

able annuities brings up today all the many forms of retirement income that are available to Americans.

A rock 'n' roller is likely to dismiss the question of cash in old age by saying the government will take care of it. He means old age pensions, and all the other benefits that federal and state governments hand out these days. Workers also either have or hope for some form of retirement pension. Many civil servants have similar pension plans. Some unions have funds for aiding their retired members.

Then you come to the list of income which an individual provides for himself entirely on his own. These forms compete with each other for the individual's savings. This is one reason the variable annuity was brought before the U.S. Supreme Court.

The usual type of annuity as sold by insurance companies provides for a fixed return in dollars. The variable annuity offers payment in dollar amounts that go up and down in line with market value of the corporate stocks into which the insurance company has put the reserve funds involved. The argument is that stock prices will go up when the cost of living rises and that thus the annuity holder will have a fairly stable standard of living.

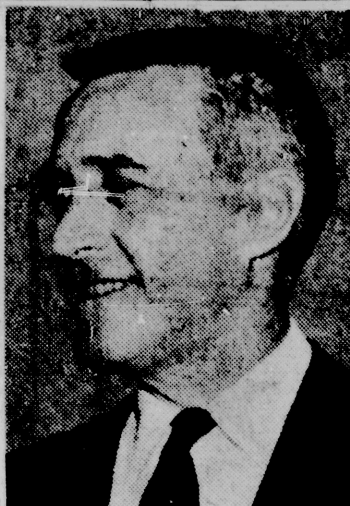

Many insurance officials challenge this argument. They say the stock market is no reliable barometer of inflation, nor is continuing inflation as inevitable as some contend.

There are forms of insurance besides annuities that have retirement pay features.

Another competitor is the mutual fund. Holders of this form of security also have their returns tied to the investing skill of the fund's management and to some extent to the rise and fall of the market value of such investments.

Dealers in stocks and bonds also tend to look upon the variable annuity as a competitor. Many persons buy stocks and bonds with the aim of assuring an income in old age.

Dealers and exchange officials naturally prefer that individuals buy stocks through them rather than through insurance companies. They hold that if insurance companies do enter this field they should be subject to the same regulation as those floating new securities.

EYE TO SKY — Requesting increased civil defense appropriations from Congress, CD Director Leo A. Hoegh keeps a vigil on the sky and wants more civilian protection in event of disaster.

Ask Adult Escort for Youths in Drives

State Safety Director Walter E. Bligh today appealed to all parents to arrange for adult escort for protection of their children as they go knocking on strange doors during the various selling drives.

He said that the slaying of nine-year-old Candy Rogers of Spokane, Wash., should make a lasting impression upon parents who feel their children are safe making door-to-door canvass selling merchandise or soliciting funds even if they work in their

own neighborhood. In their enthusiasm, the director said, children soon go beyond the boundaries set so that they can do a "good job".

The director added that he was not in favor of sending two children together in lieu of sending an adult, as two children may both be seized and silenced at the same time.

Director Bligh feels that had an adult accompanied little Candy Rogers the chances for enticement or seizure would have been greatly reduced.

Audrey Meadows Enthused About Replacing Murrow

By HAL BOYLE

NEW YORK (AP) — "I don't want to play Lady MacBeth or be a big fat star," said Audrey Meadows. "I just want to keep working."

"I'm a kind of slap-happy character. I've loved every show I've been on."

And titian-haired Audrey, the China-born daughter of an Episcopal missionary — she used to teach Sunday School — has been a standout in practically every branch of the entertainment field. She started as a concert singer at 16. She sang and danced in Broadway musicals. She became known as television's brightest, breeziest young comedienne.

After a two-year layoff, she resumed her career as a quiz show performer and guest star. This Friday night she tries a new role, pinch-hitting for Edward R. Murrow.

"I'm glad they had a sinking spell and hired me for this job," she said, cheerfully. "I've always wanted to be a newspaper gal."

Speaks Well of Others

"I've been very fortunate in the shows I've been on and the people I've worked with," said Audrey, who has a nice trait of always speaking well of the other fellow.

She brings a great gusto to living and enjoys a varied life. Because the only musical instrument she can play is the piano — "with one finger" — she plans to take lessons on the guitar. "I suffer from the feeling there

isn't time to do everything I want to," she said. "But I guess if there were time, that would be complete boredom, wouldn't it? It would be frightening."

Her favorite color is bright red. She says it makes her feel good. She likes to read, water ski, cook and watch baseball and football.

The only thing that bores her is "a closed mind." The thing that attracts her most is "a curious mind."

Advises Practicing Kindness
"So many people today are negative," she said. "I believe in kindness and a faith in something

or someone beyond ourselves. If we all practiced kindness on a larger scale, we'd have fewer misunderstandings on all levels.

"I don't believe much in anger or fear."

"The only thing that really makes me angry is the sight of injustice. The only thing that scares me is the elements—hurricanes, lightning, thunder."

"I don't have many social fears. If there is a job I know I can't do, I don't take it."

Asked what her epitaph would be if she could write it herself, Audrey grinned and said: "She tried—poor soul!"

KINGSTON, NEW YORK, MARCH 25, 1959

FINANCING THE RED CROSS

The needs of the American people for health and welfare services have kept pace with the astonishing increase in the nation's population. In the closing days of World War II, the nation's population was approximately 150 million. Today it is 175 million and constantly rising. Each year Red Cross has been serving more people in a period of high costs for all the goods and services that are required to give effective service.

For the last 10 years, the annual expenditures of the Red Cross have ranged from 81 million dollars a year to 116 million dollars a year, depending upon world conditions and the number and size of the disaster operations in which Red Cross extends emergency relief and rehabilitation.

The funds needed to finance the worldwide service program are voluntary gifts by the 3,700 Red Cross chapters in annual campaigns for members and funds. Each contributor of \$1 or more automatically becomes a member with voting privileges in the affairs of the local chapter.

In the chapter the volunteer board of directors determines the amount of money that is needed to carry on the Red Cross program in the community. The national board of governors, also a body of volunteers, determines the amount needed for the national organization which has major financial responsibility for disaster services, services to the armed forces and international relations. In addition, the American National Red Cross provides administration, program planning, and technical assistance for the total Red Cross program.

Each chapter is assigned a fair share of the national organization's financial requirements under a quota system based on such factors as population, effective buying income, and past experience in fund raising.

The charter and bylaws provide that the financial reports of the organization be audited annually by the Department of Defense and independent public accountants. The audit report of the Department of Defense is transmitted to the Congress of the United States by the Secretary of Defense.

Ships and planes generally get feminine names. Not so with satellites. That's odd, considering that after a year in orbit Vanguard I's still talking.

EXERCISE THAT'S FUN

Citizens in their 40s and beyond are likely to be rather grim and dutiful in their thinking about exercise. The word usually arouses visions of calisthenics; it has to do with muscle tone and waistline reduction; it rarely suggests fun.

This, as any two-year-old could tell the middle-agers if he were articulate enough, is entirely the wrong approach to exercise. Body movement is fun, and the more it is done in that spirit, the more fun it becomes.

For the two-year-old, exercise is incidental to the fun he is having. To the middle-ager, fun (if any fun be involved) is incidental to the exercise. The difference is as simple as that. The two-year-old does not go through any routine of calisthenics. He does no deep breathing, no strictly counted stoops and bends. He runs, jumps, twirls, bends, undulates, tumbles, rolls, stoops, reaches—in short, he gets plenty of exercise. And has fun doing it.

No adult could keep up with a toddler, but any adult who feels the need of more exercise can get it in a hurry by imitating the two-year-old's activities for a bit. Though it looks ridiculous, it's fun. And it does wonders for muscle tone.

The question now is not so much what the world is coming to as where the people are going.

By GEORGE SOKOLSKY
ARAB NATIONALISM

The first paragraph of a Foreign Policy Association press release reads:
"The Government of the United States should recognize Arab Nationalism, according to results of an opinion poll of over 5,000 adults and students announced today by the Foreign Policy Association."

In the first place, what is Arab Nationalism? Nationalism is a concept of loyalty, pride, faith in a nation. But there is no Arab nation. There are a number of countries all or most of the inhabitants of which are of Arabic origin or of mixed origin and in these countries Arabic is the language and Islam the prevailing religion.

Precisely then how does the United States go about recognizing Arab Nationalism? What is the procedure? For instance, we do recognize Egypt, or rather the United Arab Republic, Saudi Arabia, Iraq, Jordan, and all the other Arab countries, omitting none. Exactly what procedure would the United States use to recognize these countries more than we already have? It is therefore very puzzling, from its own language, what the F.P.A. means.

The press release of the Foreign Policy Association says that this proposition was favorably voted 87 per cent to 7 per cent by the approximately 5,000 persons polled:

"... The U. S. has a moral and ethical responsibility to help people of the region (Middle East) realize their aspirations for better health, working and living conditions."
No explanation is given as to why the United States has "a moral and ethical responsibility" to help the Arabs or any other people. When we do help anyone, it is out of the goodness of our hearts. It is charity. Instead of giving this charity individually, we give it collectively. It comes out of taxes, but we owe nothing to any country and are under no obligation to help any country. If it is policy to provide assistance, then it is done because it is policy and there is a quid pro quo. If it is charity, there need be no quid pro quo. But as an obligation, a responsibility, a debt—there is evidence of none. Why are we under a moral and ethical responsibility to pour our wealth into land and sea until we shall be as poor as Uzbekistan?

Then the F.P.A. has this to say:
"... U. S. should recognize that Arab Nationalism is a legitimate force in the area, and we should try to accommodate our policies to this force."

This seems to be a stupid sentence. How can we refuse to recognize what exists? Arab Nationalism has taken the form of a rejuvenation of Arab culture in the numerous Arab countries. It is a mass manifestation. That is a fact. To deny a visible fact, whether one likes it or not, is to be senseless. Also it is a fact that Nasser has been able to stimulate, to a startling degree, a sense of Arab unity even among Arab governments that are antagonistic to Nasser and to each other. But precisely how does the United States go about recognizing what cannot be denied and why does one assume that the United States has acted senselessly and refused to recognize what is so obvious?

Perhaps the next line answers me:
"... U. S. should not be so deeply involved as it is in Arab policies and rivalries of the Middle East."

First, whoever prepared these pollsters' questions wanted the United States to recognize Arab Nationalism but now he wants the United States to mind its own business in the Middle East, especially as regards Arab politics and rivalries. But then we have huge economic interests and political responsibilities in the Middle East. What do we do about them? Shall we watch all our interests in Iraq, for instance, go to Soviet Russia? It looks as though that is where they will go, either Nasser or Turkey does not save them for us.

The questions are amusing because they are so like Foreign Policy Association attitudes toward Nationalist China before the Communists captured that country. Then the tendency was to equate all Chinese factions and therefore why not support Yenan that is Communist China, as well as Chiang Kai-shek?
And look what happened to the United States in pursuit of such an idea.

Erythema Nodosum Remains A Minor Medical Mystery

By EDWIN P. JORDAN, M.D.
Written for NEA Service

Every once in a while readers express an intense interest in disorders of the human body which are not particularly common.

For example, recently Mrs. L. has inquired about a disease called erythema nodosum and asks about its relationship to rheumatic fever.

This is a \$64,000 question. Today no one knows exactly whether there is any relationship between those two diseases or whether they are entirely separate in origin.

In any event, erythema nodosum is a puzzling condition in many respects, and one which has caused a great deal of curiosity in the minds of medical men for a long time.

The first part of the name—erythema—indicates redness; the last part, nodes or lumps. Generally, erythema nodosum shows itself by the appearance of reddish, oval, tender lumps, deeply buried in the skin. They are most common on the legs and arms, but may appear in other places as well.

For many years some believed that this condition was a sign of either tuberculosis or rheumatic fever. Now such theories are less popular and erythema nodosum is considered to be part of a general infection. Quite often people who get it first have signs of an infection in the breathing apparatus, in which certain kinds of streptococci (a common germ) are frequently found.

Furthermore, inflammation of several of the joints often comes before the signs of the disease in the skin. All of this points towards some kind of obscure infection, perhaps associated with allergy or virus.

One correspondent has asked how long erythema nodosum usually lasts. The skin signs are likely to disappear within a month. But this does not seem to be always the case, and sometimes they come back.

Treatment is not too satisfactory. Apparently drugs, such as the sulfa or antibiotics, do not affect the disease to any great degree. Salicylates (of which aspirin is one) are often used as they are in rheumatic fever. Obviously better methods would be most welcome.

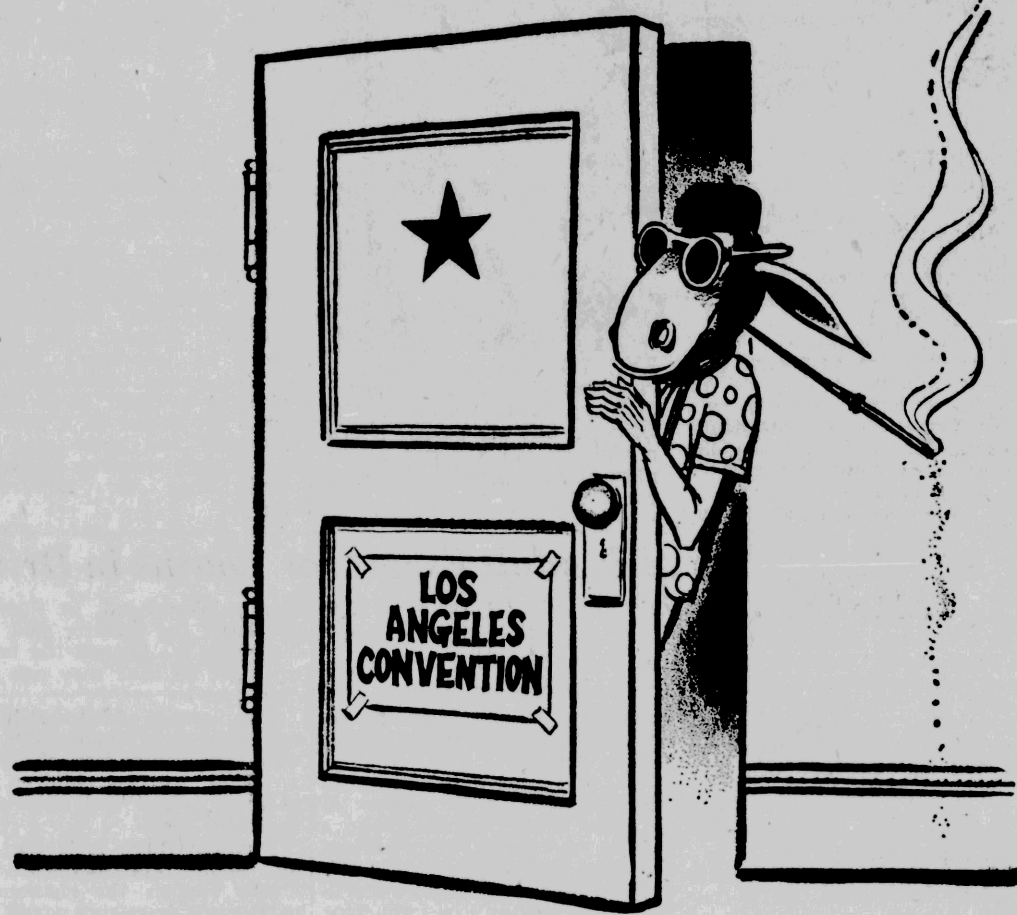

Altogether, erythema nodosum, like its more acute cousin, erythema multiforme, has remained something of a problem from the standpoint both of origin and of treatment. This is not due to any lack of interest since hundreds of studies of it have been reported in the medical journals.

In view of the lack of complete information, however, it is fortunate that erythema nodosum is not more common and that it usually clears up by itself after a comparatively short time.

Beginning of an Epic Production

Washington News

By PETER EDSON

NEA Washington Correspondent

WASHINGTON—(NEA)—Increasing attention is being given here to development of the "European Common Market." Its official, controlling organization is known as the Commission for the European Economic Community—CEEC. It opened for business Jan. 1 with six members—France, West Germany, Italy, Belgium, Luxembourg and The Netherlands—and a headquarters in Brussels.

It is being watched not only as a possible source of competition for American-made products and U. S. labor but also as an opportunity for American business expansion abroad. This latter could come either through stepped-up sales campaigns in Europe, licensing of American processes to European competitors or the acquisition of branch production plants in Europe, to take advantage of lower labor costs.

Any way this development gets, it is of interest not only to American exporters and importers but to every American worker whose output goes into international trade.

IN OVERSIMPLIFICATION, ONE MAIN purpose of CEEC was to create an American-type mass market in western Europe. The benefits expected are increased trade volume, reduction of costs through mass production methods and at the same time increased wages and standards of living for European workers. The initial action was a 10 per cent reduction of tariffs between the six countries on Jan. 1. A second 10 per cent cut is scheduled for next Jan. 1. But these cuts are being extended to all members of GATT—the General Agreement on Tariffs and Trade.

AT THE PRESENT TIME, EUROPE WANTS American capital development. This position may be reversed if U. S. business gets too big a share of the European market. But today it offers opportunity for U. S. industry to establish new lines.

If U. S. automakers, for instance, do get into small car production and develop lines that will compete with European models, there would be some

Trade, to which the U. S. subscribes.

There has not yet been time to measure accurately the effects of these changes on world trade patterns. But they are being studied—perhaps more closely than in America—by the non-member countries of western Switzerland, Sweden, Norway, Denmark and Finland.

AN EXTREME CONCERN EVERYWHERE is that CEEC will develop into a supercartel that will beat down all competition.

From the American point of view, the anxiety of not being able to get a piece of the European mass market is considered less than the fear of European firms capturing a larger share of the U. S. market. But U. S. tariffs may turn out to be high enough to block most imports from Europe.

American labor costs are roughly double European. But American productivity is higher. And so far higher U. S. costs have not priced American goods out of European markets. Some lines which may feel the effects of new European Common Market competition are believed to be consumer durable goods, like refrigerators and household appliances. American canned goods may also suffer if European processors develop mass production and distribution methods.

U. S.-British Talks Hailed As Keeping Reds in Dark

By DAVID LAWRENCE

WASHINGTON—Everybody is happy, externally at least, over the Macmillan-Eisenhower talks—that is, everybody but Moscow. For, unfortunately for them, the Soviets haven't been told just what the British and American governments will agree to or what formula they would accept that could solve the Berlin question or anything else.

Strange as it may seem to the Russians, the American and British officials do not feel that it is incumbent upon them to furnish Moscow with a transcript of what was said at Camp David.

So what has come out in the open can be regarded as just window-dressing for everybody on the Western side, though, with respect to the Soviets, it becomes merely a demonstration of willingness to meet and negotiate.

Reds Lament Secrecy

The official Soviet news agency known as Tass naively laments that the Russians have not been let in on the secret conferences. A United Press International dispatch from Moscow says the Soviets have told their press that, while President Eisenhower under "the pressure of world public opinion" did agree tentatively to "summit" talks, he cold-shouldered Macmillan's plan for "balancing" military forces in Europe. The dispatch quotes Tass further as saying: "Official statements by United States and British representatives show that the present talks have not led to the adoption of any definite decisions in almost all the remaining questions."

But no negotiator worth his salt would, in advance of a negotiation, shout from the housetops through the press of the world just what he is willing to accept. Obviously the Prime Minister of Britain and the President of the United States exchanged views and discussed hypothetically all sorts of plans and ideas. The Moscow government may have the erroneous impression that the Foreign Ministers' conference at Geneva on May 11 is to be merely a perfunctory meeting to arrange the agenda for the "summit" conference in July or August, but the United States does not see it that way. Unless there is some real progress made at Geneva in May, it is just conceivable that there will be no "summit" conference.

Unanswered Question
This means that something substantial has to be agreed upon at the first meeting. This is important because, even if a stenographer from the Russian Foreign Office had been present to take down everything said at the Camp David conferences,

there still would remain the big unanswered question of the age: will Soviet Russia keep any written agreements she makes, and can her government be trusted? There wouldn't be any need of a "summit" conference or any other kind of meeting at high level if there were mutual trust between Moscow and Washington comparable to the mutual trust that prevails between London and Washington.

It seems a hard point to get over to the Russians, but, if they ever made a substantial concession and showed evidence of keeping faith, it would do more to forward the cause of peace in Europe and elsewhere than all the publicity of a "summit" conference could ever accomplish.

The question of reduction of armaments or limitation of the size of armed forces or the policing of areas in Central Europe by troops other than those of the local government concerned would yield to easy solution if there were mutual trust. Conversely, no plan, no matter how brilliantly balanced on paper to give the impression of fairness, will be of any avail so long as distrust persists.

The plain truth is that fear exists on both sides. The Soviets think Allied bases and armed forces near their territory threaten them and that a surprise attack can come at any time from the West. Similarly, the West is convinced that the behavior of the Soviet armies in the countries they have conquered, including East Germany, is that of a ruthless aggressor with no consideration for the rights of their own peoples or other peoples.

Firmness Called Key
Under such circumstances, the "cold war" cannot be ended by terms of virtual surrender which the Soviets continually insist upon. For, despite the talk of "flexibility" among Western chiefs—a good word to use in placating political opposition domestically—the true word is "firmness."

There is no intention on the part of the West to surrender to the Soviets, and there is no trust placed in the Soviets. For, while they claim they didn't present an ultimatum to get Western troops out of Berlin in May, the impression still prevails here that they thought they could negotiate with the West under duress. That plan has failed, and there is not the slightest indication that the West will accept any plan that recognizes the Soviet Union as the conquering ruler of West Berlin or of any other part of Europe outside its own borders. AS PEGLER SEES IT

By WESTBROOK PEGLER

TUCSON, March 24—A reminiscence, only yesterday item in our local press relates that on a cultural occasion 52 years ago, Prof. Arthur E. Yundt discoursed a violin recital as background for a program of "readings" by Miss Lucille Drachman.

Soon after that, Professor Yundt left for the east, a relatively rich man. He had sold a section, 640 acres, of desert way out by Fort Lowell, for \$1 an acre to Harold Steinfeld, a precocious but music-resistant son of Albert Steinfeld, the owner of the land.

For a long time, Harold had been trying to escape the professor. Like Henry Mencken, he was apathetic at best toward this music and had other interests much more appetizing and urgent. Mencken wanted to write, but the Steinfeld boy wanted to play ball, hunt and fish. Mencken spent awful hours in a velvet suit, a high top hat and shoes yanking a bow across the strings, but many years later, in Vienna, when he came upon his late instructor's grave near Hadyn's, suffered a surge of Christian charity and forgave all.

Professor Yundt hated the God-forsaken, fly-bitten, flea-infested little trading post in the desert and pestered Harold, his wealthiest pupil, to buy his section for \$1 an acre. Harold had accumulated about \$200 in wages from his father for working in the store and in birthday and Christmas presents, but he saw no way to close the gap between that and \$640 and thus get the professor out of town.

However, he had noticed a great jumble of boxes in the barn behind the Steinfeld home on South Main Street and had caught glimpses of porcelain, venetian glass and small furniture, all to his eye apparently useless. Otherwise why was it kept in the barn?

And so it was that one Saturday night, his mother and father stopped at the window of a pawnshop and second hand store and recognized a grand display of wedding presents which they had received years before from relatives in Germany, but, as yet, could not accommodate with suitable house-room. The Steinfelds stepped in, confronted the proprietor, who was their friend, and learned that Harold had sold all this as riddance to make room as he said for a pony which he was thinking of buying.

The confrontation was quick and simple. Yes, Harold had sold this rubbish and he had used the money to buy from Professor Yundt a section out where the Medical Center stands now, and speed the professor on his way. By this time, he was at least as far as El Paso and Harold's captivity was ended.

Mr. Steinfeld bought back his treasures and with mournful patience expressed a doubt that his boy ever would make a business man. That land never would

amount to anything, way out there. Mr. Steinfeld could buy land for 50 cents an acre two miles in.

Indeed, Rosemary Drachman Taylor, in "Chicken Every Sunday," related that her father bought 80 acres at \$4 an acre just beyond the site of the present University of Arizona. He sold it in lots for as much as \$20 and made a killing.

Harold has succeeded his father as manager of various and manifold properties in Arizona, including Steinfeld's department store. He still has a good deal of his section 'way out by the dove ruins of the fort. He gave a portion of it to the medical center long ago. The remainder and other such patches—about would be from \$2,000 to \$5,000 an acre in the present room, although there is, of course, no fixed price. By the section, land should be a little cheaper, but Henry Crown, of Chicago, bought a section at \$2,000 an acre a few days ago and expects to make money on the investment come soon.

Sam Nanni, also of Chicago, a paving contractor with a flair for beauty, has thousands of acres and has an enchanted shopping village on the Oracle Road. For this he has created his own market by putting up the equivalent of a small town of Spanish-Italian-American dwellings ranging in price from \$25,000 to \$40,000. Such homes sell like newspapers. Where the money comes from nobody knows for sure.

In 1940, the desert was still wild with scraggy range cattle staggering weakly in search of water. There is practically no range stock now although fine bunches are seen from the highways feeding on grass in fenced pastures. And passengers in flight look down on a desert blooming with eucalyptus, cottonwoods and citrus and sprinkled with aquamarine swimming pools.

Desert land was begging at \$50 or even as little as \$20 an acre only 15 years ago which now is commonly held at no less than \$2,000 an acre.

State to Borrow Until New Tax Plan Pays off

ALBANY, N. Y. (AP)—The state faces a time lag in income tax collections due to the shift to payroll withholding plan April 1. State Comptroller Arthur Levitt said Tuesday the state will sell 325 million dollars worth of tax

anticipation notes on April 6 to finance operations until taxes roll in.

Under the new system, he explained, money usually received in April, May and June will not be collected until August.

He said the notes would be issued to banks and bond dealers at an interest rate to be fixed later.

One of the bills that the state must meet is the first quarterly payment of aid for education, which will run about 285 million dollars.

Hudson Boy Indicted In Hammer Slaying

HUDSON, N. Y. (AP) — A 17-year-old boy has been indicted on a first-degree murder charge in the hammer-slaying of a fellow farmhand last January.

Richard Yarish was arraigned Tuesday before Justice Donald S. Taylor of State Supreme Court. A plea of innocent was entered. Yarish was indicted by a Columbia County grand jury.

Yarish is accused of killing

Fred Waldorf, 56, last Jan. 7 while stealing an automobile from the farm where both worked. Yarish was caught a few hours later.

Will Lead YMCA In Good Friday Communion Hour

REV. H. J. STEPANZ

The Kingston Young Men's Christian Association will hold its annual communion service in the Y lobby Friday March 27 at 8 a. m. it has been announced by Louis H. Schafer, general secretary.

The service is for members of the Board of Directors, trustees and key laymen. Leader will be the Rev. Harold J. Stepanz, pastor of First Baptist Church, Albany Avenue. The Rev. Dr. Kenneth Alexander, chairman and Secretary Schafer will erect a special setting for this service. The lobby will be cleared of furniture and tables and chair will be arranged in the form of a huge white cross, symbolic of Easter. The table or cross will be adorned with white lilies and large white candles.

The special service will start promptly at 8 a. m. and will conclude at 8:30 a. m. There will be no breakfast. This service was started by Secretary Schafer in 1955 with the Rev. Forrest Prindle of the Reformed Church of the Comforter as the leader. In 1956 the service was led by the Rev. J. Dean Dykstra, pastor of Fair Street Reformed Church. In 1957 the Rev. Arthur E. Oudemool, pastor of Old Dutch officiated. In 1958, Dr. Alexander, pastor of St. James Methodist, took over the leadership. This is the fifth and will be led by the Rev. Mr. Stepanz.

Decision Reserved On 2 Leaving Jail Without Any Bail

NEW YORK (AP) — Decision has been reserved on a court move by two Apalachin convention probe witnesses seeking freedom from jail without posting \$50,000 bail each.

The cases of Frank Valenti, 47, and his brother, Costenze, 32, both of Rochester, were before State Supreme Court Justice Edgar Nathan in habeas corpus proceedings. He reserved decision Tuesday.

The brothers are among seven men in jail here since last August for refusing to tell the State Investigation Commission about the gangland convention held at Apalachin, Nov. 14, 1957. All are listed by authorities among the 60-odd underworld figures and associates who attended.

The Valentis, after announcing they were ready to talk their way out of jail, testified before the commission last week. Freedom in bail of \$50,000 each was then allowed, while Nathan decided whether they had purged themselves of the contempt for which they had been jailed.

The brothers could not raise the bail.

Their lawyer, Gilbert Rosenthal, sought their release without bail, claiming they had answered the key questions asked them by the commission.

Commission counsel Eliot Lumbard contended their answers were "wholly incredible."

Moves Against Reds

BANGKOK, Thailand (AP) — The government today stepped up a campaign to root out Communists operating underground in this southeast Asian kingdom.

"There'll be arrests soon," predicted the minister of interior, Lt. Gen. Praphas Charusathien. The Communist party is banned in Thailand.

Canal Zone Price

The United States paid 10 million dollars originally to Panama for the Canal Zone in 1904. An additional 40 million dollars was paid to the French company which began the canal in 1878.

If you spent every minute of every day of your life counting out one dollar bills, you could not reach the amount all advertisers invested in daily newspaper advertising last year—\$3,120,000,000.

Last Shot Fired, Moses Loses War With Indians

WASHINGTON (AP)—The last shot has been fired in the battle between Robert Moses and the Tuscarora Indians, and the Indians have won.

The court refused to reconsider its decision of last Nov. 14 blocking the New York State Power Authority, which Moses heads, from taking any part of the Indians' reservation for the reservoir.

The court said in November the lands could not be taken unless the Federal Power Commission found that their use for a reservoir was not contrary to the purposes for which the lands had been assigned to the Tuscaroras.

The Power Commission said last February it could not make such a finding, and asked the court to reconsider.

In turning this request down yesterday, the court upheld the license issued to the Power Authority by the Power Commission "except insofar as it would authorize the condemnation of Tuscarora Indian tribal lands for reservoir purposes."

The court told the commission to amend the license to exclude lands of the Indians.

Since the original court ruling, the Power Authority has amended its application to provide for a reservoir entirely off Indian lands. This application still is pending.

Albany Summary

Legislature Action
On Major Measures

ALBANY, N. Y. (AP)—Action of the 1959 Legislature on major legislation:

Constitutional Amendments Approved for Fall Ballot:

Establish a state motor vehicle department to replace the present bureau in the Tax Department.

Let New York City float a 500-million-dollar bond issue beyond its debt limit for constructing schools.

Action on Northway

Run the Albany - to - Canada Northway through the Adirondacks on a route west of Schroon Lake, using some forest preserve land.

Amendments to Go Before the 1960 Legislature:

Designate Albany as the state capital.

Reorganize the state's court system, under a central administration, consolidating New York City courts but making few changes Upstate.

Bills Passed, Signed

Bills Passed and Signed by Governor:

Raised the state's gasoline tax from four cents a gallon to six cents and the diesel fuel tax from six cents to nine, effective March 1.

Increase the levy on cigarettes from three cents a pack to five April 1, and impose a new 15 percent tax on the wholesale price of cigars and other tobacco products July 1.

Fix personal income-tax exemptions at \$600 a person, instead of the previous \$1,000 for individuals, \$2,500 for married couples, and \$400 for dependents.

Cancel 1958 income taxes, except for those on capital gains, and establish a payroll withholding system for collecting 1959 taxes.

Lengthen the horse-racing seasons at harness and flat tracks.

Establish an office of atomic development to help foster industrial use of nuclear energy.

Create an office of transportation to tackle the problems of hard-pressed railroads and bus companies.

Estate Tax Up

Increase slightly the tax on estates.

Permit the motor vehicle commissioner to stagger license and registration expiration dates, and introduce a system of permanent license plates.

Bills Passed and Sent to the Governor:

Postpone until April 1, 1960, the effective date of the controversial Youth Court Act.

Allow New York City to impose

new or higher taxes totaling 125 1/4 million a year on taxi fares, cigarettes, cigars, gross business receipts, gross utility receipts, restaurant meals, vending machines and real estate transfers.

Fix Sept. 15 as the date for state primary election.

Extend from two to three years the statute of limitations on prosecution of tax evaders.

Refund to bus companies the additional tax imposed on gasoline and diesel fuel.

Require annual financial reports on labor union funds, and bar employers from conspiring with corrupt union leaders.

Roz Asks Tax Refund

LOS ANGELES (AP)—Actress Rosalind Russell is suing to recover \$15,476 which she says the government collected in overpaid taxes.

She contended in her suit, filed Tuesday, that maintaining residences in both California and New York was legitimate business expense in 1953. She was appearing at the time in the Broadway stage production, "Wonderful Town."

Her taxable income that year was \$275,000, she said.

SPACE MAIL? — Futuristic spaceship and three Sputniks soar over Kremlin in new Soviet stamp. It's displayed at London exhibition.

To Bury Mine Victims

ONEIDA, Tenn. (AP)—Three of the nine coal miners killed in the Robbins mine explosion will be buried today in the red, Cumberland Mountain earth from which they carved their livelihood.

A joint service for the other six victims will be Thursday.

As the funeral arrangements were announced by grieving relatives, the owner announced he planned to remove equipment from the small mine and close it.

The nine were killed as a gas pocket exploded shortly after they entered the mine Monday morning.

Newburgh Girls
Protest City Being
Off H-C Fete Map

ALBANY, N. Y. (AP)—Hades hath no fury like a city scorned. And Newburgh still is scorning.

Five teen-age girls added to the hassle when they came to Albany from Newburgh Tuesday to protest the omission of their city from a state map published in connection with the Hudson-Champlain celebration.

The feminine wrath boiled up around Sen. Ernest I. Hatfield (R-Poughkeepsie), chairman of the Temporary State Commission on Historic Observances.

Carrying signs that read "Sen. Hatfield, put Newburgh back on the Map," and "Senator, Visit

Newburgh on its 250th Anniversary July 5-12," the girls marched to Hatfield's office.

Hatfield, summoned from the Senate chamber, hastily explained that Newburgh had been left off the map to avoid giving the map a "cluttered appearance."

The girls, all from Newburgh Free Academy, are Susie McEhan, Nancy Stewart, Lucille Tarsio, Tamar King and Patricia Clarke.

They were accompanied by Miss Clarke's father, Douglas V. Clarke, managing editor of the Beacon News.

Doggone Critic

ANADARKO, Okla. (AP)—The teacher could not get a dog to leave the high school room where a civic club was going to rehearse a minstrel show. But when the rehearsal began, the dog fled.

Quits Young GOP

WHITE PLAINS, N. Y. (AP)—The White Plains Young Women's Republican Club has resigned from the New York State Assn. of Young Republican Clubs.

The resignation, announced Tuesday developed from a dispute over the nomination of Mrs. J. Niles Saxton, a past president of the White Plains club, to be a Young Republican national committeewoman. She was the choice of a statewide nominating committee last Saturday.

A statement sent Tuesday to member clubs by Jeanne Black, president of the White Plains club, said Mrs. Saxton "is not an active member, not having attended one meeting or served on one committee in two years."

Announcing

the Affiliation of

HENRY J. BRUCK

Funeral Home

27 SMITH AVENUE

This is an important announcement, because membership in the Order is open only to funeral directors of high professional standing; it is a distinction shared by carefully selected funeral directors throughout the world.

An application for membership cannot be passed upon by the Order itself; membership is granted only after the Order has made direct contact with those who are in the best possible position to know whether the applicant is worthy; families served, and the business and professional men of the community in which the applicant lives.

The Symbol which appears below is the identifying emblem of membership, and all users of this Symbol are pledged to give modern, comprehensive service, to advise wisely, and keep all charges moderate.

The Order is happy to present and recommend this firm to the people of this community and the surrounding territory, and takes pride in making this public announcement of the appointment.

Henry J. Bruck Funeral Home Is Honored by Order

An announcement in The Freeman today says that the Henry J. Bruck Funeral Home, 27 Smith Avenue, has been accepted in The Order of the Golden Rule, an international organization of funeral directors.

Affiliation with the Order of the Golden Rule, which maintains headquarters in Springfield, Ill., was made possible by written references submitted by area persons familiar with the operation of his organization, Bruck said.

Bruck, who founded the local funeral home in 1935, said member funeral directors of the organization are selected for their ability to uphold the ideals of this international organization, founded more than 30 years ago.

"In the funeral directing profession, it is considered a genuine honor to be accepted into the fellowship of the Order of the Golden Rule, since ordinarily but one funeral director in each community can belong, and the requirements are such that only those funeral directors of high ethical standing in the profession can attain this distinction."

Membership is based on humanitarian service in time of need and is symbolized by an armoured knight with raised visor who supports with his right hand a shield, bearing the Order's motto: "Service Measured Not by Gold, but by the Golden Rule."

State Society Honors Two For Mental Health Efforts

Two well-known local citizens, closely identified with work in mental health, received additional recognition of their efforts at the annual meeting this month of the New York State Society for Mental Health in New York City.

Dr. Edward F. Shea, prominent Ulster county physician, was re-elected to a three-year term as director of the New York State Society for Mental Health. Dr. Shea has served as a director since 1953, and is a member of the executive committee. He is also chairman of the Ulster County Mental Health Board.

Robert L. Sabin, former president of the Kingston Area Chamber of Commerce, was appointed a director of the society by Mrs. Edward W. Briggs Jr., its president. Sabin has been a member of the New York State Society for Mental Health Citizens Advisory Group, composed of approximately 50 citizens throughout the state, who have visited all state mental institutions in the last two years; chairman of the Task Force on Mental Hospital Construction; member of the legislative committee of the state society which

is presently advocating a standing committee on mental health in the New York State Legislature, and a chairman of the steering committee for the formation of an Ulster County Association for Mental Health.

One of the functions of The New York State Society for Mental Health is to disseminate accurate information about mental health, and the public-spirited citizens who constitute its officers and board of directors are making efforts to filter this information down to every community.

Sabin said today that "there is a great need for the public acceptance, on the local level, of mental disturbance as a common form of illness which can be cured in many cases as readily as other diseases. One of the reasons that mental illness has been under a stigma was the fact that so little was known about it and its cure. Today, with the advent of new approaches, both psychiatrically and medically, the incidence of cure in mental health is remarkably high, and it is predicted that greater strides for recovery will be made in the future."

Argument Leads To Stabbing; Man Held for Still

A family argument late Monday afternoon resulted in the stabbing of a Mr. Marion man by his wife, her arrest on an assault charge and his arrest on possession of an illicit still.

Robert Stoff was reportedly stabbed in the right thigh with a carving knife. Three stitches were required at Kingston Hospital where he was treated and released.

Mrs. Stoff, 31, was arraigned before Justice of the Peace Arthur Reilly of the Town of Ulster on a charge of assault second degree. On consent of the district attorney the charge was reduced to assault third degree. She received a suspended sentence of 10 days in the Ulster County Jail.

As the result of an investigation by Trooper Richard Ryan, a 50 gallon still was found in the cellar of the Stoff home. Stoff was arrested for violation of the ABC law, a felony.

Sgt. Raymond Keating of the Kingston State Police told The Freeman the still had not been used for some time.

Stoff was arraigned before Justice Reilly, waived examination and was committed to the Ulster County Jail to await action of the grand jury.

New Paltz Area Methodist Notes

Sunrise Service

Cars will meet at New Paltz Methodist Church, Main and Grove Streets, at 6:40 a. m. Easter Sunday. They will then proceed in a motor caravan to the place on the Minnewaska Trail which overlooks the Wallkill Valley and surrounding countryside, where the sunrise service will take place at 7 a. m. The Rev. Willett Porter will conduct the service. A brass ensemble consisting of trumpets and baritone horns will accompany the singing of the Easter hymns.

Coffee will be served at the church following the service.

Services for Easter

Announcement is made of the schedule of Easter Sunday services to be held in the churches of the New Paltz Methodist Parish. The day will begin with the sunrise service at 7 a. m. At 8:30 a. m. the early worship service will take place in the New Paltz Church, with special Easter music. The service in the Lloyd Church will be at 9:30, with George Meyer, organist. At the 11 a. m. Easter service in the New Paltz Church the junior and senior choirs will sing and new church members will be received. Mr. and Mrs. Ralph Dennis will direct the senior and junior choirs, respectively, with Mrs. Eugene Trautwein and Mrs. Francis Hasbrouck accompanying. The Plutarch Easter service will be at 2 p. m.

The Rev. Willett Porter, pastor, will preach at each of the services.

Good Friday

Good Friday will be observed in the New Paltz Methodist Church with an un-programmed service in the sanctuary of the church from 12 noon until 3 p. m.

New Members

New members will be received into the fellowship of New Paltz Methodist Church Sunday at the 11 a. m. service. Young people who have been receiving instruction in the pastor's church membership class since the first of the year will be confirmed. Others will be received by letter of transfer.

The young people will go to New York City on the Wednesday following Easter to visit several places of historic and religious interest. The group will leave the church at 7:15 a. m. They will then visit Old John Street Methodist Church, Trinity Church, St. Paul's Chapel, Federal Hall Museum and the New York Stock Exchange. Box lunches will be eaten on the Staten Island Ferry and then other places will be visited as time will permit.

Rummage Sale

The annual spring rummage sale of the New Paltz Methodist Church will be held Friday and Saturday, April 10 and 11, in the American Legion Hall, Church Street. Articles for the sale may be left at the church from now until the Thursday before the sale. Donations will then be received at the Legion Hall, Thursday, April 9, or on the days of the sale.

Spring Dinner

The annual spring dinner sponsored by the men and women of the New Paltz Methodist Church will take place Wednesday, April 22, in the Social Hall of the church, with servings at 5:30 and 7 p. m. It will be a full-course ham dinner.

Special Board Meeting

A special meeting of the Official Board of the New Paltz Methodist Church will be held Thursday at 8 p. m. in the Church Fellowship Room. It will be a brief meeting to transact one item of business pertaining to the building program.

Governor Names McAuliffe As New State CD Chief

ALBANY, N. Y. (AP)—A retired Army general, who replied "Nuts" to a German surrender demand in World War II, is the new chairman of the State Civil Defense Commission.

Anthony C. McAuliffe was appointed by Gov. Rockefeller Tuesday. The appointment was sent to the Senate for consideration.

McAuliffe, 61, made his one-word reply to the Germans when his forces were surrounded at Bastogne.

He is a vice president of the American Cyanamid Co., chemical manufacturers. At one time he was commander-in-chief of the U. S. Army in Europe.

McAuliffe will succeed retired Admiral Alan G. Kirk, who resigned the commission chairmanship last December.

Both McAuliffe and Kirk live in New York City.

The post carries no salary.

Mrs. Fochi, Mrs. Clarence J. Ostrander and Mrs. B. Fuller attended the dinner at the Governor Clinton Hotel held on March 19.

Mrs. Clifford Seaman and Mrs. Philip Hauser have returned from spending a vacation in Florida.

Robert Saxe has been a patient at Kingston Hospital.

Mr. and Mrs. Jerome Kemmerer and family spent the weekend in New Jersey.

The annual birthday celebration of the combined Woodstock-West Hurley Neighborhood Girl Scouts was held at the West Hurley Firehouse Friday, March 13. Brownies and Girl Scouts and leaders joined with the Brownies and Girl Scouts and leaders of the West Hurley Troops.

Mr. and Mrs. Myron Schoonmaker have returned to their home on Broad Street after a vacation in Florida.

Mr. and Mrs. J. Karl Hart-four have returned from a vacation spent in Florida.

The West Hurley Elementary School will close Wednesday, at 3 p. m. for the Easter recess. School will reopen April 1 at 8:45.

Tryouts for all new boys that have registered for Little League will be held April 18 and 25 at the Hurley School Field at 1 p. m.

Plattekill

PLATTEKILL — Announcement has been received here of the birth of a son, Tuesday, Mar. 17, to Airman 1/c and Mrs. James Ransom, at Webb Air Force Base, Big Spring, Texas.

Mrs. Ransom is the former Geraldine Scott of Plattekill. Approximately 100 members, representing 27 fire departments in Ulster County, attended the March meeting of the Ulster County Volunteer Firemen's Association, held at the Hasbrouck Memorial Hall in Modena Tuesday evening. Plattekill Fire Department members were co-hosts.

Major Edgar Timmerman of Kingston, Ulster County Director of Civil Defense, was guest speaker.

Report was made of the progress of radio installations throughout the area, and discussion made relative to the annual convention, supper and parade, scheduled for July 23-25 at Rosendale.

The next meeting of the Association will be held Tuesday evening, April 21, at 8 p. m., at the Vly, when the Vly-Atwood firemen will be hosts.

Mrs. Joseph Kalisky accompanied a group of local people to attend the concert presented by the Boston Pops Orchestra, at the IBM Country Club, South Road, Poughkeepsie, recently.

Mrs. Russell Carpenter Sr., was a recent visitor in Kingston.

Buffalo Man Named

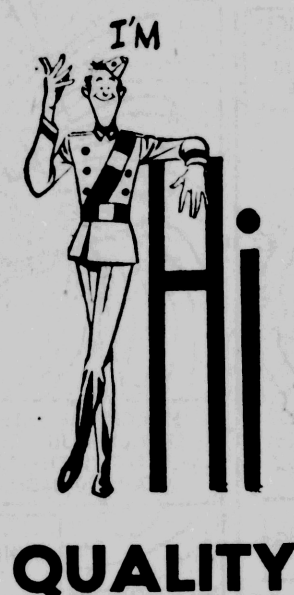

ALBANY, N. Y. (AP)—Nicholas Radick of Buffalo, a former employee of the State Motor Vehicle Bureau, is the new executive deputy commissioner of the bureau.

Radick, now on the staff of the state Senate, will take over the \$12,346-a-year post April 9. Tax Commissioner Joseph H. Murphy appointed him yesterday to succeed John F. Donnelly of Binghamton.

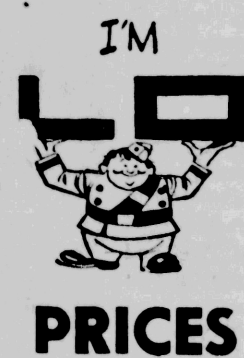

Radick, a Republican, formerly was patron services supervisor for the Thruway Authority.

Uprising Spreads Throughout Tibet

NEW DELHI, India (AP)—The Tibetan revolt against Chinese Communist rule has spread throughout the mountain land, an Indian newspaper close to the Nehru government reported today.

Reports persisted fighting had subsided in the capital of Lhasa, with the Reds still in command. But the pro-government Hindu-Times said the rebellion had spread to all corners of Tibet and that the Dalai Lama was "not in Chinese hands."

Whereabouts Still Vague

There was no official confirmation of the Hindu-Times report.

The whereabouts of the 23-year-old Asian monarch, worshipped by Tibetans as the reincarnation of Buddha, and his role in the rebellion still were vague.

"According to one version he went underground before the fighting started in Lhasa five days ago," the Times said, "and his palace is now guarded by Chinese pickets."

The more general theory, however, was that the youthful godking was still in his 1,000-room hillside palace under Communist surveillance.

A spokesman for the Indian government, which has the only foreign diplomatic mission in Lhasa, said he had "no correct information" on the latest developments in Tibet.

Reds Sending More Troops

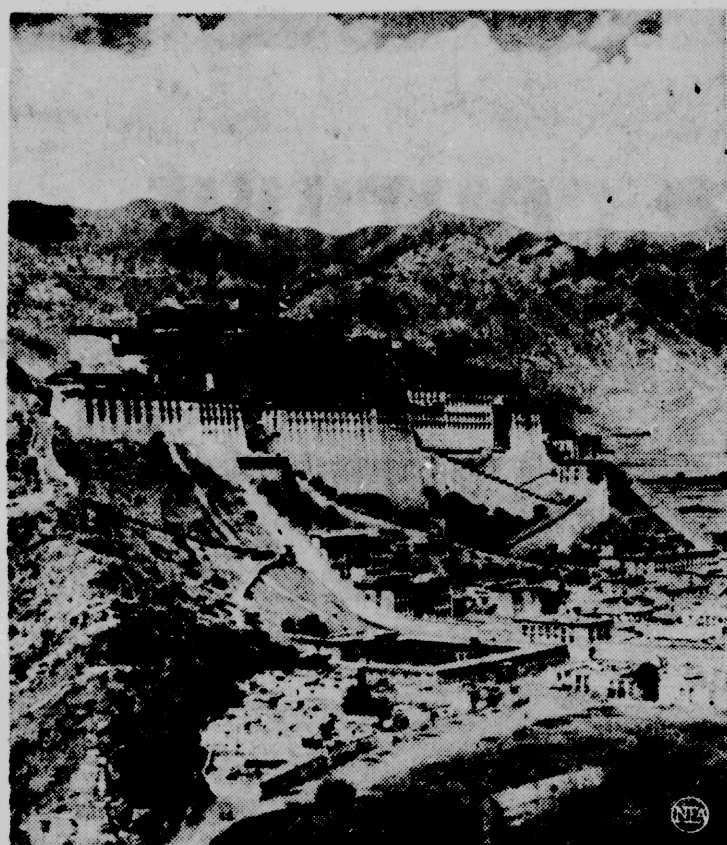

On Formosa, Chinese Nationalist officials, cheered by the revolt, said that Red China was rushing strong reinforcements to Tibet, where the occupation force has been estimated at 50,000 troops.

Chiang Kai-shek met with top leaders of his government in Taipei to discuss ways of capitalizing on the Tibetan uprising. The Chinese Nationalists—like the Communists—still consider Tibet a part of China.

Deaths

President Holds

ing with Soviet representatives at anything less than the summit level.

The President replied it is perfectly clear that Khrushchev is the only man with sufficient authority to negotiate for the Soviet Union with the West and make it stick.

Any Russian of lesser status, he said, would have to be on the telephone to Moscow all the time, checking with Khrushchev.

The President went on then to say if we are going to get anything of substance from the Russians—if we are going to get a valid agreement—then Khrushchev has got to be in the picture.

Eisenhower's news conference was dominated by discussion of the prospects for a summit conference and a settlement of the Berlin crisis.

But the President did touch on these other matters:

Won't Let Dulles Go

DULLES — He will never let ailing Secretary of State Dulles leave government service so long as Dulles feels able to work in some capacity.

Without saying so specifically, the President thus indicated that he has given thought to keeping Dulles on, possibly as a foreign policy adviser, even if Dulles' illness should make it necessary for him to resign as secretary of state.

Dulles advised him this morning, the President reported, that he is planning to leave for Florida Monday for a period of recreation and convalescence.

Dulles' doctors, Eisenhower said, are hopeful he will be able to get back into harness in a reasonable time, but so far have given no specific information on whether radiation treatments Dulles has been receiving have checked his cancer.

Argus Report Later
PROJECT ARGUS—The government will make public later in the day a report on Project Argus—the explosion last September of three atomic devices about 300 miles in outer space.

Eisenhower made that announcement when a reporter asked whether the Argus tests would alter the U.S. position in attempts to negotiate a ban on nuclear testing with Russia and Britain.

Eisenhower said the Argus tests were a new development and that it has taken months to evaluate the results. That evaluation amounted to separating the scientific aspects from the military. The President said, as for the prospects of a ban on nuclear weapons testing in the atmosphere alone, it still is too early to tell about that, Eisenhower said. The basic question, he added, is the Soviet insistence so far on the right to impose a veto in any agreement negotiated. That has been one of the big stumbling blocks at the negotiations which started last October.

Industry Group Backs Rocky's Social Insurance

Associated Industries of New York State, representing employers of a majority of the state's industrial workers, today endorsed Governor Nelson A. Rockefeller's special legislative message on social insurance programs. The message, sent yesterday to the Legislature, assured action at this session on important social legislation.

Miles F. Robertson, president of Onecida Ltd., Onecida, chairman of Associated Industries' board of directors, issued a statement describing the Governor's program as "practical of attainment and one with which New York State industry is in agreement insofar as principle is involved."

'Reinforce Principles'

"For too long," Robertson said, "industrial management has been pictured as being opposed to the welfare of industrial workers—our associates in production. Actually, we work continually to achieve the true security that goes with steady jobs and support the insurance principle that is the heart of both unemployment insurance and workmen's compensation in this state. We think Governor Rockefeller's program will reinforce these principles."

Specifically Mr. Robertson endorsed the administration's plan to not only taper off extra weeks of benefits for workers who have been unable to find jobs, but to repay the \$90 million federal loan with which New York State financed the cost of the 13 extra weeks of benefits during the past year. Mr. Robertson pointed out that the Governor is supporting a plan advanced by Associated Industries and other business groups seeking repayment charges against employers now, so as to minimize the burden.

The plan calls for charges against employers in four equal amounts, and, if enacted, would eliminate necessity of a special federal tax.

90,000 Benefit
"It appears only right and proper that the 90,000 persons now drawing extra benefits should be given the opportunity of running out their benefit time, and tapering off the program, the need for which is lessening because of improving economic conditions in this state," Robertson said, adding:

"In the future we hope that in periods of drastic economic decline, we can find a formula to maintain the true purpose of the unemployment insurance act which is to help cover employees out of work through no fault of their own for a reasonable period while they seek jobs. We feel that the present 25 weeks normal unemployment insurance benefits are adequate for that purpose, and that employers should not be required to pay for extended benefits that actually serve a different social concept than does the principle on which unemployment insurance was established in this state."

Robertson invited special attention to that portion of Governor Rockefeller's message which pledged a "careful review of existing procedures and practices in the administration of our social insurance programs."

Robertson said that industry has previously favored extension of unemployment insurance to one-employee firms with a reasonable dollar-earnings test. The same principal applies to workmen's compensation and disability benefits coverage. Robertson also noted that the governor's new proposal for assuring that workers receive workmen's compensation insurance benefits where employers failed to take out insurance is proper and fair since the cost will be paid by defaulting employers through a special fund.

Scores Defaults
"We should emphasize that all reputable employers of this state share public disapproval of the very few defaulting employers," he said.

Finally, the Associated Industries board chairman endorsed the principle of study and education in connection with training and retaining workers who lose jobs because of technological changes. He pledged industry's cooperation not only in connection with the technological problems but in other matters aimed at regularization or stabilization of employment.

Robertson added: "Technological change is at the heart of industrial progress, and is nothing new. We should avoid precipitate action, and should move cautiously to assure that all of the facts are considered if we are not to place blocks in the path of an expanding economy."

We are now saving one life in three from cancer, compared with one in four a few years ago. But the American Cancer Society says one in two cancer cases could be saved.

YEERING OUTER SPACE — When the Pentagon recently revealed that the United States had exploded three nuclear devices in space last year (Project Argus), scientists announced that radiation from the bombs spread around the edge of the atmosphere in an hour. How could they tell what went on 300 miles above the earth? Diagrams above give the answer. One means was by instrument-carrying

rockets which were fired into the band of radiation to measure the changes in earth's natural radiation envelope. Explorer IV also played a part by sampling nuclear activity. The results? Besides more new knowledge about space immediately above the atmosphere, evidence that high-altitude nuclear explosions are not the answer to stopping enemy missiles, but may create an "electron mirror" to aid radar.

Engineer Study

(analyzed in the study) could have been cut by 25 per cent, while their efficiency as teaching and learning structures could have been increased.

Dollar savings were not the only consideration in the study. The unit most often used was dollars per unit of learning rather than dollars per square foot.

If the environment in a school cannot be satisfactorily controlled, then it does not achieve the basic function of learning, the magazine states.

For example, a student subjected to too much heat or too much cold is not learning as much as he could. Under the same conditions, the teacher cannot teach at maximum efficiency.

Five Ideas Offered
Five major simplifications are offered to cut waste. Most compact design to reduce outside walls, cuts in the amount of space wasted in non-teaching areas, and reductions in the number of different roof levels, in the variety of main structural columns and in the amount of window area.

The article advocates a return to the most economical type building—a square. The perimeter of the average modern school is often twice that of a square building. This means the school is much more expensive to build and operate as it should be.

By reducing the perimeter, savings up to \$100 a linear foot are possible. Also, with a square design, there would be fewer windows to wash, less flashing and less heat loss.

The large glass areas so prevalent in today's school design make it impossible to provide comfort in the classroom, the magazine declares.

Deals With Temperature
Because of the low temperature in the large glass-enclosed areas during the heating season, cold down drafts are produced as well as a cold floor. The normal secondary school now has 40 per cent of the exterior walls in glass. It should be reduced by half the amount.

The article points out that much has been written about using natural lighting for classrooms, thus saving on artificial lighting. Actually, the sky is overcast a large percentage of the time in many areas, and most teachers turn on the lights in the morning and leave them on all day regardless of the type of day.

The average school designer, in an attempt to keep initial costs down, does not provide sufficient insulation. Because of the increase in fuel costs because of comfort considerations, wall and roof insulation should be increased. The initial extra costs can be written off in about four years.

Other Hints
Other hints for more economical schools include: A white reflective roof which is often 40 degrees cooler than conventional roofs. Weather-stripped exterior doors. Vestibules at entrances to cut down on drafts.

The thing to fear most in cancer is fear itself. The American Cancer Society warns that fear leads to delay in seeing the doctor. And delay in cancer can mean death.

Tax Relief

Assembly passage of the Erwin court-reform plan and Senate rejection of the Republican bank-expansion bill.

Approval of the Erwin plan ended an Assembly holdout against court reorganization that lasted several years. Upstate Republicans killed many previous plans because they would have abolished such politically influential offices as justice of the peace or surrogate.

Would Retain Both
The version drafted by Senate Finance Chairman Austin W. Erwin would retain both. It was passed by the Senate last week. His plan would make few changes in the court structure Upstate but would consolidate many of New York City's courts. The entire judicial system would be placed under central administration.

Democrats protested that New York City's court system should not be changed so drastically while Upstate was left virtually untouched. But the GOP prevailed, 86-61.

The plan is contained in a proposed Constitutional Amendment that will require passage by another, separately elected Legislature before it can be submitted to the voters for final approval.

The bank bill was killed when 16 Republican senators voted with the 23 Democrats to reject it. Most of the GOP dissenters represented suburban areas.

Democrats claimed that the bill would help big banks to swallow up the smaller ones. Suburban banks opposed the measure.

Would Ease Burden
Rockefeller's tax-relief program was designed to ease the burden on financially pressed railroads. The main bill would establish a formula—based on earnings—that would require local governments to cut property taxes by as much as 15 million dollars over a three-year period.

It also would provide state aid to reimburse communities for up to half of the revenue they lost.

An allied phase of the program—a bill granting tax relief to the faltering bus industry—won final legislative approval in the Assembly yesterday. The measure would grant bus companies refunds of the extra tax imposed on gasoline and diesel fuel March 1.

The gas tax was raised from four to six cents a gallon and the diesel fuel levy from six to nine cents. The refund is expected to run over a million dollars a year.

School Committee

ing date is only six weeks away. The association letter held that the education board, composed of appointed members, had been "arrogant and capricious in the past, and can reasonably be expected to be so in this matter."

Asks Study First
It held that the "matter of the bond issue" should be held up pending sufficient study, and "until at least two members of the board shall be duly elected."

Herzog held that if sentiment appears to be for the proposal, two new board members would make little difference, and he noted that group meetings and a public hearing would be held before voting on the proposal.

CC Arranging

ask for necessary forms to register such a complaint. Such written complaints will be processed by the committee.

The second part will be a continuous series of news releases calling attention to the numerous forms of sales efforts and promotions designed to relieve consumers of an unnecessary amount of cash by misleading representations.

Other proposals will be presented to the board of directors for approval.

The committee has the backing of the Federal Trade Commission, the State Attorney General's Office, and the National Better Business Bureau in its efforts to warn consumers about the many clever schemes to make money fast and defraud the public. Free publications are available.

A spokesman for the Chamber of Commerce stated that calls by telephone, in person or by letter regarding any questionable or high pressure sales effort, are invited. "It is better to check first before signing a contract, rather than be sorry afterwards and be obligated to pay for something over a period of years, that you really did not want or which costs you more than you realized," the spokesman declared.

WHAT ISSUES?

Sound money means more to more people than any other issue now before the nation. What other issue has as many supporters as the 115,000,000 life insurance policy owners who are ready to listen to a call for action to protect their loved ones?

There can be no doubt that nearly all members of the House and the Senate own life insurance policies, and want their wives and kids to receive some money.

Our fumbling fiscal policies have carried us more than half way toward disastrous inflation. We must solve this problem and solve it quickly.

Mr. President, "THE PEOPLE DO NOT WANT A TEN-CENT DOLLAR." There is your one big, easily understood issue.

You should veto every bill that will needlessly hurt life insurance policy owners, holders of Government Bonds, Social Security cards, and company pensions. Let the left-wing radicals override your vetoes if they can, and see what happens. If ever our people needed leadership, it's now—not to be deferred—but now.

Stick out your chin as the Champion of Sound Money as clearly as the well-known "The Prudential has the Strength of Gibraltar"—yesterday, today, and tomorrow.

No one can count the millions who have something to "conserve." This is a Constitutional Free Enterprise System based on sound money.

The Government robs Peter to pay Paul, then robs Paul to run itself. It's cockeyed. Nothing stays sound while money rots.

3 Appointments Announced at IBM

Heppner

Priest

O'Toole

The Military Products Division of International Business Machines Corporation today announced three appointments at the Kingston plant. They are:

George C. Heppner of Kingston as development engineer in mechanical design; Donald Priest of Poughkeepsie as project manager of safety operations; and James F. O'Toole of Red Hook as development engineer in mechanical design.

Heppner, who joined IBM at Poughkeepsie as a draftsman in January, 1951, worked on designs for a series of high-speed data processing computers. Transferred to IBM Kingston in April, 1954, he was named associate engineer and then project engineer in SAGE air defense computer product engineering. Heppner was transferred to the U. S. Army Fielddata computer development project in September, 1958.

A veteran of the U. S. Army Air Force, he is a graduate of

Kingston High School and attended Rensselaer Polytechnic Institute and Wofford College. He is active in the Kingston Point Yacht Club and the American Legion.

Heppner, his wife, Patricia, and children, Carol, 12, Dan, 11, and Beth, 4, reside at 61 Clifton Avenue.

Priest joined IBM as an accounting machine operator at Poughkeepsie in April, 1952 and was named safety technician there in December, 1952. Transferred to IBM Kingston in October, 1955, he was promoted to safety manager. He is currently responsible for safety at the IBM Kingston plant, SAGE air defense computer sites and engineering laboratory facilities.

A graduate of Arlington High School, Poughkeepsie, Priest is a member of the American Legion and a veteran of four years

service with the U. S. Army. Priest, his wife, Jeannette, and children, Donna 11, Deborah 6, and Harry 4, reside at 20 Overlook Road, Poughkeepsie.

Washington Juggling Act

Idea of Balanced Budget Already Appears Academic

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Taxpayers can get double vision looking at the Washington juggling act.

President Eisenhower proposed a budget which he said could be balanced. He offered to show how. But his figures were so thin and iffy only magic could make them out right.

Try Some Own Magic

The Democrats, stinging under his charge that they're the big spenders, are trying some magic of their own, plus defiance. They are complaining his budget is much too low for what the country needs.

Eisenhower, calling on the Democratic-run Congress to keep down spending in the 1960 fiscal year starting July 1, offered a budget of 77 billion dollars and estimated revenue at \$77,000,000,000. That is cutting it pretty thin.

Eisenhower figured the government would wind up 100 million dollars to the good if Congress agreed to raise 600 million more in revenue by boosting the gasoline tax and postal rates.

It is a pretty good bet Congress won't.

Good Ammo for '60

So the idea of a balanced budget already looks academic, particularly in view of what Congress already has done to some of Eisenhower's thoughts on spending.

But what Eisenhower proposed and what the Democrats are doing will give politicians of both parties plenty of ground for argument right up to election day in 1960.

Remember: In this present 1959 fiscal year which ends June 30, the budget is already unbalanced with a deficit of perhaps 13 billion dollars. It's the 1960 budget, starting July 1, that Eisenhower has talked of balancing.

He asked \$1,375,000,000 for this country's subscription to the International Monetary Fund. He wanted the expense charged to the 1959 fiscal year, with its already well-known deficit.

House Action Unlikely

The Democratic-run Senate voted the money but charged it to

fiscal 1960 expenses. If the House goes along, the Democrats can argue Eisenhower himself threw his own 1960 budget out of balance by asking this money. Chances are in this case the House won't go along.

It would be a rare taxpayer who could figure out the difference between charging an expense to the 1959 budget or the 1960 budget.

Then there's the Development Loan Fund, a government agency which makes long-term loans to underdeveloped countries to get them moving. Last year Congress voted—for fiscal 1959—25 million dollars less than Eisenhower asked for this fund.

But fiscal 1959 doesn't end till June 30 and the fund is already running dry. Eisenhower asked that the 25 million, dropped last year, be voted now and charged to 1959.

Could Change It to '60

The House Appropriations Committee voted to give him not a dime. Later this year, of course, it could vote to give him the 25 million along with what he asked for next year, but charge it all to fiscal 1960, thus throwing his budget further out of balance.

This, too, the Democrats could point to as an example how the economy—preaching Eisenhower was piling up expense. But Tuesday the full House overruled its committee and voted Eisenhower 100 million to be charged to 1959 expenses.

Here's a good example of Congress voting more than Eisenhower asked. He wanted for fiscal 1960 about 53 million dollars for loans and grants to communities in distress because of continuing unemployment.

Plenty More Coming

The Senate voted 389 million. The House has yet to act, but will probably vote more than Eisenhower asked. The argument, of course, is that Eisenhower didn't ask enough.

There'll be plenty more of this until only a taxpayer who is an auditor and has the time could unjuggle the figures.

Bay State Kills Gas Tax Boost

BOSTON (AP)—A proposal to increase the Massachusetts state tax on gasoline from the current 5.5 cents per gallon to 6.5 cents was killed by the Massachusetts House Tuesday night.

The vote was 151-68 with 64 Democrats voting against the increase while only one Republican—Rep. William Longworth of Methuen—voted for the penny boost.

Sixteen Democrats and 11 Republicans were not recorded on the bill, which had the support of Gov. Foster Furcolo (D).

Convict Parents Of Endangering Lives of Four

ROCHESTER, N. Y. (AP)—The parents of a baby girl who died in a fire have been convicted of endangering the lives of their four children.

The children had been left with a baby-sitter, Mrs. Clara Morrow, 22, who police said left them alone in the house. Their parents, Norman La Plant, 26, and his wife, Elizabeth, 33, had gone to the movies.

During the four-day trial, witnesses testified that Mrs. Morrow was not competent to take care of children. She is undergoing mental tests at a hospital.

The fire Feb. 14 in the La Plant home killed five-month-old Joanne. Firemen rescued the other three. The oldest was three years old.

The city court jury of five men and one woman returned the verdict Tuesday night after deliberating four hours. The maximum penalty for the charge, a misdemeanor, is one year in jail and \$500 fine.

Judge Fred B. Goodelle set April 7 for sentencing.

Mrs. Morrow had also been charged with endangering the lives of children, but the charge was dropped on the recommendation of the district attorney's office.

La Plant is an unemployed factory worker.

Parish School of Missions Set at Woodstock Methodist

A Parish-wide School of Missions will begin on Wednesday, April 1, and continuing each Wednesday evening during the month of April in the Woodstock Methodist Church. Sessions are held at 7:30 p. m.

The text for consideration will be "Understanding Other Cultures" by Ina Corinne Brown. The course will be taught by Mrs. Garnett M. Wilder.

This study is an attempt to help individuals and groups increase their understanding of other people. It is not enough that we know how other people eat or dress, how they talk or worship, because such knowledge may simply confirm the idea that the rest of the world is a queer lot. If we are to appreciate differences, we must learn why people behave as they do, what uses their various ways serve, and how the ways of behaving of any given people are inter-related.

The Problems of Life

"Understanding Other Cultures" is an attempt to make clear the fact that the behavior of other peoples is best understood when seen as their way of meeting life's problems. The study of peoples from all over the world shows that human groups everywhere face essen-

tially the same problems and that their cultures—the sum total and organization of their ways of doing things—represent their particular set of answers to these problems. The heart of the study is the awareness that human beings everywhere are essentially alike, but specifically different. If we can come to appreciate the essential likeness we may perhaps be more willing to accept and live with our differences.

At the heart of the teachings of Jesus is the value of the person. To treat other people with contempt is to deny their unique value. All persons are found within cultural context that has helped to make them what they are. If we are to respect persons we must understand and respect the culture context within which they live.

The public is cordially invited to participate in this study. The only requirement is a desire for a better understanding of other peoples and why they think, feel and act as they do.

Holy Communion At Reformed Church

A Service of Holy Communion will be held Thursday, March 26, at 7:30 p. m. at the Woodstock Reformed Church. This is the

BALLAD SINGERS—Alf Evers, right, chairman of the Woodstock celebration in the Hudson-Champlain celebration, is shown with two prominent area ballad singers who entertained a capacity crowd at the Woodstock Art Gallery.

anniversary celebration of the original "Last Supper." The choir will sing "For God So Loved the World," by Stainer. Pastor Olsen will preach on "God's Gift to Man," based on John 3:16.

A Sunrise Service will be held in the sanctuary under the leadership of the Christian Endeavor Society on Easter Sunday, March 29, at 6:30 a. m. Carol Ann Hefty will speak on "Christ Is Risen," and Diane Shults on "He Is My Savior." Breakfast will be served to the worshippers after the service. All people in the area are invited.

Easter Sunday

Both the Senior and Junior choirs will sing anthems of praise during the regular hour of worship Easter Sunday at 11 a. m. A cross of Easter lilies will adorn the sanctuary in honor of Jesus' resurrection from the dead. The sermon for this service is entitled: "The Resurrection," and is based on the famous resurrection chapter, I Corinthians 15.

Minnie Goldberg Back From Hospital

Minnie Goldberg, wife of Attorney Maurice Goldberg of Wittenberg and Kingston, has just returned home from Montefiore Hospital in New York where she has been a patient since December.

Mrs. Goldberg, who wishes to thank her many friends in Woodstock and in Kingston for the cheerful mail she received while there. The cards and letters, she says, were rays of sunshine to her and helped to speed her recovery.

Sunday School Review At Reformed Church

The Woodstock Reformed Church will stage a "Sunday School on Review" program on Easter Sunday, March 29, at 7 p. m.

This event will feature handiwork displays by each of the classes, tours through the classes as they meet in session, and a panel discussion on the subject,

"A Closer Look at Our Sunday School"

All members of the congregation, parents of Sunday school children and friends of the church are invited and urged to be present for this affair. It is designed to acquaint the adults with the accomplishments, the difficulties and the needs of the Sunday school program. Refreshments will be served following the panel.

Holy Week Services At Christ Lutheran

Holy Week services are being planned for both Thursday and Friday nights at 7:30 p. m. in Christ Lutheran Church, with the pastor, the Rev. G. Oliver Sands, preaching. "The First Communicants," Luke 22:14 is the theme for Maundy Thursday, followed by administration of the sacrament. The special music is a duet, "Ivory Palaces," sung by the Misses Marilyn Wolven and Julie Holmzner.

On Friday at 7:30 p. m., the pastor's theme is "The Suffering Servant" Isaiah 52:13. The senior choir plans to sing, "Good Friday Spiritual" by Ellen J. Lorenz.

Sunday School Program
The Christ Lutheran Church Sunday School is presenting a program for parents and friends at their regular time, 9:45 a. m. There will be special singing by the group of the songs they have learned in Sunday School, an Easter filmstrip and Easter story.

American Bible Society copies of St. John's Gospel with colored Easter cover will be presented to every one, young and old, who remains for the chief service which follows at 11 a. m.

'The Risen Christ' Is Sermon Topic For Rev. G. O. Sands

"The Risen Christ" is of course, the theme of the sermon which the Rev. G. Oliver Sands plans to preach at the 11 a. m. service in Christ Lutheran Church, Woodstock, on Easter Sunday, Acts 1:3—"He (Jesus

Christ) showed himself alive after His passion by many infallible proofs, being seen of His disciples for 40 days, and speaking of the things pertaining to the kingdom of God," in his text.

Special music will include, "Easter Dawn," by Roy E. Nolet, sung by the Senior choir and "The Happy Morn Is Come," by Friedrich Schneider.

Holy Communion will be offered at this 11 a. m. service, as well as on Maundy Thursday. Anyone who has this privilege in his own respective denomination, and who takes part in the public confessional service at the beginning of the hour, is most cordially invited to join with us in partaking of the Holy Eucharist. We feel that this is the Lord's table, not just for a chosen few Lutherans. Let us truly worship our God until everyone present has partaken of this great feast on this joyous day.

Sunrise Service

A Matin service is being planned by Christ Lutheran Church on Easter Sunday. This will include a short meditation by the pastor.

'The Reason We Preach' Is Rev. Wilder Theme

Worship will be conducted in all four churches of the Woodstock Methodist Parish on Easter Sunday, March 29. The sermon will be titled "The Reason Why We Preach." St. Paul looked back to the resurrection of Jesus as the proper justification of the preaching task of the church. But it is also the essence of the gospel message: That God has exalted Jesus and validated his Messiahship.

The resurrection does more than point to the immortality of the soul. The resurrection of Christ is the authorization of the church.

Services of worship are being conducted Wednesday, Thursday, and Friday of Holy Week. These services will be held in the Woodstock church each evening at 7:30 p. m. Special music will be presented.

On Tuesday, March 31, the Commission on Missions of the Woodstock Church will meet in the church annex at 7:30 p. m.

The Woodstock WSCS will meet on Thursday, April 2, at the home of Mrs. Carl Harrington at 1:30 p. m.

Methodist Parish Receives 25 In Church Fellowship

Twenty-five new members were received into the fellowship of the Woodstock Methodist Parish on Palm Sunday. This brings the increase in church membership in the Woodstock Parish churches to thirty-seven since the first of the year, marking this three month period the time of greatest increase in church membership in the parish in recent years. Thirty of these persons have been received into the fellowship of the Woodstock Methodist Church, and seven were received at Wittenberg.

Received on Palm Sunday at Woodstock were: Mr. and Mrs. G. Arthur Adler and daughters, Gail and Donna, Mr. and Mrs. Charles Goodrich and daughter, Susi Jurgensen, Mr. and Mrs. Thomas B. Atkins and daughter, Sue, Mrs. James Burke, Mr. and Mrs. Selah Terwilliger, Archie Bonesteel, Miss Elizabeth Bonesteel, Mrs. Marian Snyder and Mrs. Harry Lawson. Received at Wittenberg were: Mr. and Mrs. Luther Bonesteel, Mrs. Rodney Ramsey, Mrs. Kenneth May, Mrs. Sina Buch and Mr. and Mrs. Robert Ford.

Steel Impact Seen

BUFFALO, N. Y. (AP)—Booming production in the steel industry will mean a 43.2 per cent increase in the Great Lakes area's railroad carloadings during the year's second quarter, the Great Lakes Regional Advisory Board predicted today.

The board said in its quarterly forecast that carloadings in the area would total 547,650 in April, May and June. The actual total during the second quarter of last year was 382,565.

One and concentrates will lead all classifications, the forecast said, jumping 148.1 per cent from 69,934 carloadings in the second quarter last year to a predicted 173,530 in this year's corresponding period.

Carloading of finished iron and steel will increase 82.2 per cent—from 27,964 to a predicted 50,947, the forecast said.

Colgate Glee Club To Present Concert At Red Hook April 6

The Colgate University Glee Club will present a concert at 8 p. m. April 6, in the Red Hook Central School. The 50 member male chorus will be sponsored by the Red Hook Student Exchange Committee. The organization is under the direction of Professor William Skelton, chairman of the music department.

The Colgate University Glee Club is one of America's oldest

collegiate singing groups. Now in its 116th year of continual operation, it will again feature familiar college songs and American folk and contemporary music.

The appearance in Red Hook will be part of the glee club's annual tour which over the years has taken it to all sections of the United States and to Europe. This year's tour into the midwest is the first in a decade.

Part of the program will again feature one of Colgate's outstanding small vocal ensembles, the glee club ensemble. For the past 60 years the glee club ensemble has presented popular works in both solo and combined concerts with the glee club. The director of this year's ensemble is James Brossard, '60.

Professor William Skelton, director of the Colgate University Glee Club, is now in his fifth year as a member of the music faculty at Colgate. A graduate of the University of Illinois and Yale University, Skelton has an extensive background in organizational work at Yale, Wesleyan College of Georgia, and professional music organizations such as the Connecticut Experimental Opera Company and the Troupers Opera Company of which he was director.

Miss Ethel Marcus Becomes Bride of Kingston Attorney

Miss Ethel Marcus, daughter of Mrs. Anna Marcus of 57 Meadow Street and the late Jacob Marcus, became the bride of Louis Spinner, son of the late Raphael and Rebecca Spinner of Brooklyn on Saturday, March 21, 8 p. m. in New York City.

Officiating at the ceremony was Rabbi Jachiel H. Mekler of Congregation Beth Hayesomim of Boro Park.

Miss Marcus is a native of Kingston, attended Kingston High School and is connected with the Court Pharmacy, 291 Wall Street.

Mr. Spinner is an attorney with offices at RFD 4, Box 545, Kingston.

Upon their return from a wedding trip through the southern states, the couple will make their home on the Rosendale Road, Town of Ulster.

A Kingston girl and two area girls are the latest entries in the fourth annual Page One Queen contest by the Kingston Newspaper Guild. Judging will take place April 18 at the Governor Clinton Hotel and the winner will reign at the Page One Ball April 25.

Delphine (Dee) Duncan of 37 Hindsdale Street, one of the finalists in last year's Page One contest, will represent Craft-Cauntz Associate Realtors this year. Originally from Baltimore, Md., Dee has lived in Kingston for two years and is a senior at Kingston High School.

She plans to enter college in the fall and study elementary education. This year she is active in the KHS student council, Kingston Hospital Junior Auxiliary, known as the "candy-stripers," and is a member of the Maroon staff.

Sewing and swimming are hobbies of Dee. She will be 18 on May 1.

Loretta Helen Budd, 20 year old blonde, is a student at New Paltz State Teachers College. Interested in the arts, she lists painting and sculpture as hobbies. She also plays the violin and likes music and dancing.

Loretta is 5 feet 7½ inches tall and weighs 133 pounds. At New Paltz, she was named Sorority Queen. She is the daughter of Mrs. Helen Budd of Best Road, East Greenbush.

Eighteen year old Carol Beesmer of Binnewater is a graduate of New Paltz Central High School and is employed by the Kingston Daily Freeman.

Daughter of Mr. and Mrs. Burton Beesmer, the petite brunette was active in sports in high school. She was also a member of the school chorus and is interested in dancing.

'28 KHS Reunion Is Set for June 6

June 6 has been selected as reunion day for the Kingston High School Class of 1928. Initial plans for the event were discussed at a committee meeting held last week.

Letters announcing participation of the Class in the Reunion Day events sponsored by the Hudson-Champlain Celebration Committee have been mailed to 1928 graduates whose addresses are known and a class dinner at Williams Lake Hotel in the evening is being arranged. Harry R. LeFever Jr., in charge of the program and will release further details later.

Working on other phases of the reunion plans are M. Clifford Miller, president of the Class of 1928, Mrs. Edwin C. Lacey, Mrs. Elmer A. Ryland, Miss Martha Hobush and Miss Marjory S. Darrow who has been named general chairman. Members of the Class of 1928 who have been in touch with the committee have shown such interest and enthusiasm that a most successful day is anticipated.

LOST THANK YOU NOTES

Dear Most Post: I was married seven months ago at which time I received many wedding presents—most of them were checks. I sent personal notes of thanks for each gift immediately upon my return from my wedding trip. At this date I hear tell that quite a few of these people have not received my thank-you notes. The only thing I can attribute it to would be the fact that I gave several of these notes to one of our office boys (who is no longer here) to mail and perhaps he never did so. I am really quite upset over this and wonder if there is anything I can do to make amends?

Answer: The best thing to do is to write a note or telephone each person who may not have received your thanks and explain that if they have not had a letter from you it is because of a neglectful office boy.

Inviting Those in Mourning
Dear Mrs. Post: I am planning to give some parties to repay my obligations. There are certain ones in mourning and I don't know what I am supposed to do about inviting these people. I doubt they would come to large parties but at the same time I don't want to run the risk of hurting them by not inviting them. Will you please advise me?

Answer: Say to them that you are giving a small party, or whatever your plan, and that if they feel like coming you would love to have them but that you will understand if they don't.

Wiping Silver at Table

Dear Mrs. Post: What is your opinion of a dinner guest wiping her silver on her napkin before beginning to eat? I was never so insulted in my life when a guest did this in my house.

Answer: I certainly understand your feelings as I can't imagine such rudeness in a private house. Even in a restaurant it would be rude to wipe off the silver unless it is obvious that a certain implement is not clean—and no waiter in sight to bring you another.

Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her leaflet, E-28, entitled, "Housewarming and Surprise Parties," send 10 cents in coin to Dept. E.P., care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail. (Released by The Bell Syndicate.)

Diamond's
Worth?

It's the joy felt by the engaged girl and the devotion of the young man who slips the engagement ring on her finger. It's the cherished feeling of a mother whose loved ones have given her the world's most precious gem. It's the feeling of continuity handed down with a beloved heirloom. Onteora Closes Earlier Because Of Much Illness

Onteora Central School closed Monday afternoon for spring holidays two days earlier than scheduled due to high absenteeism among students and teachers.

Principal John Moehle said school was shut down on advice of Dr. Charles Quinn of Phoenicia because of a virus and measles condition verging on epidemic proportions.

He said that Monday morning 35 1/2 per cent of the student body was absent, that some of the teachers were beginning to feel sick and the illness appeared to be spreading.

School will reopen Wednesday morning, April 1 as scheduled.

Boy Hides In Cellar, Finds Cache of \$1,062

FALL RIVER, Mass. (AP)—A youth ran into the cellar of a three-story house Tuesday to hide from a companion and discovered a cache of \$1,062.

Some of the money was moldy and some had been chewed by mice. Bills were scattered on the floor. Other bills—all of small

denomination—were found in bags in corners.

The mystery was solved by Miss Catherine Matthews, 56, who lives a couple of blocks away.

She said she put the money in the tenement because she was afraid it might be stolen if she kept it home.

Police returned the money with a suggestion she deposit it in a bank.

TRINITY LUTHERAN CONFIRMANDS—The annual confirmation service of Trinity Evangelical Lutheran Church for a class of 19 was held Sunday during the regular Palm Sunday worship service. Members of the 1959 class include first row (l-r) Elaine Breitenstein, Patricia Gromoll, Cheryl Phillips, Deborah Trinkle, Patricia Brandt and Lois Gerlach. Second row

(l-r) the Rev. Frank L. Gollnick, pastor; Earl Kim, Robert Koeppen, Frederick Koeppen, Tibor Tomshaw, Robert Handschuh, Gene Breitenstein, Roger Gille and the Rev. Albert H. Shultis, assistant pastor. Third row (l-r) Rometta Yesse, Sandra Premo, Ruth Schneider, Donna Terpening, Ida Woerner and Anita Weber. (Pennington photo).

CONFIRMATION AT IMMANUEL LUTHERAN—Seven young people were received into communicant membership in Immanuel Evangelical Lutheran Church by the rite of confirmation on Palm Sunday. Members of the class

with their pastor are (l-r) Kerry Covey, Linda Schoonmaker, William Anderson, Roger Sahloff, the Rev. Martin Dienst, pastor; Robert Kindt, Elma Braren and William Wiegert. (Pennington photo).

Lions Contribute \$58 to Library, Get H-C Display

An appeal to the Kingston Lions Club by members of the Kingston High School Key Club at its Tuesday luncheon resulted in 58 new memberships for the Kingston Library Association.

Making the appeal were Thomas DeWitt and Edward Williams who described the plight of the local library and called attention to its vital importance to the community.

All 58 of the Lions members and guests subscribed at \$1 each to the appeal.

Richard Kalish, reporting for Donald E. Briggs, chairman of the Lions Exposition, said that the committee was doing fine work and that it was hoped as many as 25,000 people would see the show this year.

To Show Missiles
He announced that there will be a display commemorating the Hudson-Champlain celebration.

It will be brought to Kingston from Albany where it is now on display. He reported also that there will be several missiles on display, but did not identify them.

He announced there would be an Exposition committee meeting at 7:30 p. m. Wednesday at the Governor Clinton Hotel.

A check for \$500 was presented by the club to Dr. William E. Bush for the cancer drive.

Talks on Australia
Robert Schwenk, program chairman, introduced Dr. Aubrey Liddell, who is associated with the Kingston City Laboratory.

Dr. Liddell, who was born in New Zealand and educated in Australia, presented an illustrated travelogue of Australia, using colored slides.

He showed scenes of Melbourne and other parts of the continent, the Olympic pool and arena, examples of contemporary architecture, the actual throwing of the boomerang by natives.

He called attention to the number of fences in Australia, where they are very numerous, comparing this to the small number to be seen in this country.

Have Water Problem
He said the water supply there was one of the main problems and that they were constantly building new dams. He showed pictures of one of the latest, Snowy River Dam.

Dr. Liddell pointed out that the season in Australia are just the reverse of the seasons in this country. Summer is winter and vice-versa. He said the central section of the country is very arid with little if any rain.

Ashokan Charge Lists Services

The Glenford Methodist Church will hold a Good Friday worship service at 8 p. m. This service is sponsored by the Ashokan, Glenford and West Hurley Methodist Churches. All persons in the area are invited to share in the Good Friday service.

An outstanding feature of the service will be an "Adoration at the Cross," a period of hymns and silent meditation. The pastor, the Rev. Richard R. Guice, will preach the sermon "The Christian Cross."

On Easter Sunday, the sermon "The Heart of Christianity" will be preached in the services of divine worship; Ashokan, 9-30 a. m.; West Hurley 10:45 a. m.; and Glenford, 12:30 p. m. The services are Mark 16:1-8.

Sunday April 5, the Sacrament of Holy Communion will be celebrated in the Ashokan, West Hurley and Glenford Methodist Churches. There will be some persons who will be received into the membership of the churches on this day.

Widows of Vets Are Eligible for GI Home Loans

Widows of World War II and Korea Veterans who died in service or of service-connected causes are reminded that they are eligible for GI home loans by Charles L. Culver, counselor of the New York State Division of Veterans Affairs and Howard C. Shurtler, director of the Ulster County Veterans Service Agency.

"A widow qualifies for the loan assistance even if the veteran had obtained loan before he died," according to Culver and Shurtler. "However, if the widow herself is a veteran and eligible to apply in her own right, she does not qualify for a second or third extra loan because of her husband's death."

Widows of World War II veterans have until July 26, 1960 to apply. The deadline for widows of Korea veterans is February 1, 1965.

Widows who are interested in taking advantage of this benefit may obtain further information and assistance in filing application by contacting the State Division of Veterans Affairs and the Ulster County Veterans Service Agency office at 32 Main Street, Kingston or any of the branch offices in Ellenville, Highland, Kerhonkson and Saugerties.

State Senate Laughs It Off But N.Y. C. Fathers Remain Serious About Seceding

NEW YORK (AP)—New York City is looking into the possibility of seceding from New York and seeking statehood.

The suggestion that the city might become a sovereign state caused the state Senate to rock with laughter. But the city fathers maintained they weren't just whistling "Dixie."

First Demand in 1961

Demands for separation of the city from the rest of the state go back almost 100 years. The first was made by Mayor Fernando Wood in 1861. Since then bills calling for secession have been introduced into the Legislature many times.

How to do it legally has always been a question.

A move calling for a committee to study the possibility was introduced in the City Council Tuesday, and referred to the Rules Committee for study.

The move came in the wake of a bitter fight between the city and

the state over money. The city government, which is Democratic, said it must have new taxes this year to balance its budget. Permission was needed from the Legislature, which is Republican.

The city leaders claimed they had to go "hat in hand" to Albany. There, they said, they found New York City treated like an "unwanted stepchild." They didn't get all the taxing power they wanted.

Program Brings Protest

Mayor Robert F. Wagner's immediate response was to lop 32 million dollars off the budget, announcing that the pinch would be felt by 80,000 city employees who would get smaller pay raises, or none at all.

The mayor's austerity program brought a wave of protest from city employees. Some 9,000 of the city's teachers threatened mass resignations. Other city employees scheduled a one-day protest stoppage—30,000 strong—next Tuesday. Later they hinted they might stay out longer.

At Albany, the state Senate howled with laughter when a resolution was introduced to let New York City secede.

The statehood proposal would need pretty widespread support to get anywhere. It would have to pass two successive sessions of the Legislature as an amendment to the Constitution, then be approved by voters in a statewide referendum, then win approval from both houses of Congress and the President.

Community Concerts Mail Campaign Will Conclude on April 1

The first opportunity at next season's memberships in Community Concerts Association is drawing to a close as the mail campaign to present subscribers ends April 1. Once again the response in the campaign has been most gratifying to the membership chairmen, Mrs. Bernard Forst and Mrs. Lloyd LeFever.

A return engagement of the tremendously popular National Symphony Orchestra, Howard Mitchell conducting, and Richard Tucker, often described as the "greatest tenor of the day," have been announced for two of the three engagements next season. All programs will be given at the Community Theatre, Broadway.

Membership campaign week is scheduled for May 3 to 9 when memberships will be open to the general public. Reservations may be made with any worker or with Mrs. Forst or Mrs. LeFever. The final concert in the current series will be April 20 when the New York sextet singing group under the direction of Edmond Karlsrud, bass-baritone soloist, will be presented.

Accountants Needed In New York, Jersey

Accountant and auditor positions paying from \$5985 to \$8330 a year will be filled in the states of New Jersey and New York (excluding New York City and Long Island) from an examination cooperatively announced today by eight boards of U. S. Civil Service Examiners.

Qualified professional accountants and auditors are needed for important work in government agencies. Applications or information as to where they may be secured are available at any post office in New Jersey and New York (except in New York City and Long Island). They also may be obtained from the Director, Second U. S. Civil Service Region, Federal Building, Christopher Street, New York 14, N. Y. or any board of U. S. Civil Service examiners named in the examination announcement. Announcement No. 2-1(1959) should be mentioned.

MODENA NEWS

MODENA—Mrs. Fred Bernard and Miss Arlene Bernard were shoppers in Newburgh, Wednesday.

Members of the Plattkill Grange Degree team conferred first and second degrees of initiation at a meeting of Mountaintop Grange Monday evening.

Mrs. Burton Ward, Miss Arlene Bernard and Mrs. Burton Van Aken of this area, are members of the team.

Mrs. Oscar Smith, who suffered a broken arm recently, has had the cast removed.

Mrs. Louis Tozzi, who was injured before Thanksgiving is able to walk on crutches.

The Wallkill and Modena Schools will close Thursday noon, for the Easter vacation, to reopen on Wednesday, April 1.

A number of local students were among the 168 at Wallkill School, who were absent from classes Thursday, owing to illness of various types.

Mrs. Fred Bernard entertained visitors from Ireland's Corners and Pitcher, N. Y. on Friday.

John Schriber of this area, was a member of the special dairy committee of the Ulster County Farm Bureau meeting at the Municipal Building in New Paltz last week, prior to the hearing on the program, scheduled Thursday, April 2, at Governor Clinton Hotel, Kingston at 10 a. m.

The Rev. Merrill Johnston, pastor of First Methodist Church, Newburgh, was guest speaker at the Holy Week services conducted in Modena Methodist Church Tuesday evening, in connection with Union services arranged locally for the week.

Mr. and Mrs. Burton Ward visited Mr. and Mrs. Clarence Ellerson and Mr. and Mrs. Ralph Ellerson and children at Castle Creek on Friday.

Peter D. Smith and granddaughter, Miss Ruth Smith, are moving from their farm home on Sand Hill Road, Gardiner, to

their newly renovated house in Modena, the former Russell L. Smith homestead.

Mrs. Ella Schoenberg and son, John, will vacate the house of Mr. and Mrs. Cleveland Nuhern in Modena, and move to an apartment in the house of Mr. and Mrs. Roy Jensen at Ardonia.

Arbor Day Group Intensifies Drive For Legal Holiday

The Ulster County Arbor Day Committee, under the chairmanship of Herbert I. Bloom, rabbi of Temple Emanuel, this week intensified its campaign to have Arbor Day, the last Friday in April declared a legal state holiday.

The groups at its meeting Wednesday night urged all members to write to Assemblyman Kenneth L. Wilson and State Senator E. Ogden Bush seeking their support of a bill introduced in the Legislature recently and referred to committee.

Outlining the background of the special day, Rabbi Bloom observed the following:

"Arbor Day originated in Nebraska, where it was first observed on April 10, 1872. The plan of devoting a certain day each year to the public planting of trees and the name Arbor Day was proposed by J. Sterling Morton, then a member of the State Board of Agriculture, and later U. S. Secretary of Agriculture. In 1885, Arbor Day was made a legal holiday in Nebraska, and since that date about a third of the states have adopted similar enactments.

"At first the efforts to extend its celebration were made chiefly through agricultural associations and town authorities, but about 1882 the plan of making it a school festival was inaugurated.

As such, the observance of Arbor Day has spread throughout the United States and far beyond its borders. Moreover, its scope and purpose have been greatly broadened. From simple exercises and the planting of single trees to beautiful public grounds, it has become the occasion for impressing on the minds of school children the importance of forestry and for the planting of thousands of seedling trees to reforest otherwise waste lands.

"We in Ulster County hope to do our part to educate the public as to where to plant what, so that we all may be better informed about our tree resources. Our Board of Supervisors and many city officials have fostered this activity as well as Campfire

BIG DIFFERENCE

IN WAGONS

Big, glamorous Plymouth wagons pack the Big Difference in 4 ways—

BIG DIFFERENCE IN FEATURES

Here's a wagon that's really easy to live with! The 1959 Plymouth offers you ingenious rear-facing third seat and roll-down rear window. And, in addition, you get low-extra-cost comfort and convenience features like new Swivel Seats, push-button heating and transmission. These wonderful new features—plus clean, progressive styling—help explain the peak popularity that Plymouth station wagons are enjoying today.

BIG DIFFERENCE IN SPACE

Plymouth boasts the longest wheelbase (a full 122 inches) in its field, plus a loading deck almost 10 feet long. This means you get 95 cubic feet of cargo capacity—more than you'll find in any other low-price wagon. You simply can't buy a bigger, more useful wagon for the money!

BIG DIFFERENCE IN RIDE AND PERFORMANCE

No other low-price wagon can match Plymouth's Torsion-Aire Ride, yours at no extra cost. You enjoy superb handling ease with no roll or sway on turns, no front-end dive on stops. Or you can choose optional Constant Level Torsion-Aire to keep your wagon level no matter the load or the road. And you can thrill to V-8 power, including optional New Golden Commando 395, biggest engine in the low-price field.

BIG DIFFERENCE IN ECONOMY

Plymouth won the Mobilgas Economy Run in the low-price class two years in a row. And only Plymouth offers a Fuel-Saver Choke and new 3-stage carburetor for maximum gas savings. What's more, all Plymouth standard V-8 and 6 engines perform at peak efficiency on regular gas.

So much the same in price... so different on the road!

BUT... YOU DON'T PAY FOR THE DIFFERENCE

The three top-selling 1959 station wagons are all priced within a few dollars of each other. But only the Plymouth gives you the Big Difference for your money... and you get high trade-in value, too!

COME IN FOR YOUR "TWO-MILE TRY-OUT" NOW!

Get behind the wheel of a Plymouth. Prove to yourself that Plymouth wagons deliver the Big Difference in features, ride, performance, economy, space. Ask your Plymouth dealer for your "Two-Mile Try-Out."

It also was highly probable that East held that club queen. East had overcalled with little enough as it was.

South ruffed his last diamond in dummy and led a low spade. East went up with the king and led the suit back. South was in dummy and shot the jack of clubs right at East. He was sure East held the queen and would find out about the ten later.

Instead, he found out about the ten immediately. East played it under the jack. Now South was not so sure that East held the queen. He went up with his king and played four rounds of trumps.

On the fourth lead West discarded the five of clubs and hung on to the three of spades and six of clubs. East held the club queen and the last diamond.

South had what he thought was a perfect count. East had to be hanging on to that missing three of spades so West had to hold both clubs.

South finessed the club and was down two tricks.

Gunman Sought, Shot Police Chief, Abducts Another

BROWNSVILLE, Ore. (AP)—A posse was poised to search today for a gunman who sought sanctuary in the hills after abducting one police chief and wounding another.

Sheriff George Miller said the gunman was Richard Allen Hunt, 27, a Harrisburg, Ore., dairy worker armed with a pistol, a .30 caliber carbine and 300 rounds of ammunition.

100 Join FBI

More than 100 policemen were pressed into the search for Hunt. They were joined by FBI agents from Portland.

The FBI said the 5-10, 160-pound Hunt, a former inmate of the Montana State Prison, was sought on a federal warrant that charged interstate transportation of a stolen car.

Late Tuesday, Police Chief Ernest McPhee at Harrisburg sought to arrest Hunt for having improper license plates on his car.

McPhee was taken prisoner at gun point. He was released 10 miles out of town.

McPhee, picked up by another motorist, then phoned to Brownsville, alerting Police Chief Robert Kemnow and state policeman Gene Richardson.

A few minutes later, they spotted Hunt refueling his car in a service station here, and gave chase as the dairy worker sped out of town.

On the outskirts of Brownsville

Hunt's car veered out of control into a ditch.

Vanishes Into Ridge

Hunt raced from the car into a nearby barn.

In the exchange of shots that followed, Kemnow fell with a bullet wound in the head. Residents saw Hunt flee from the barn, splash across a waist-deep creek and vanish into a timbered ridge.

Bands of armed men roamed through the rugged Cascade Mountain foothills until darkness fell, then set up mobile patrols along backwoods roads.

The wounded police chief was taken to nearby Lebanon, where a doctor said: "I think Kemnow has a chance for recovery."

Births

The city registrar recently recorded the following births:

March 13—Gail Jean to Mr. and Mrs. Ronald William Sprague, PO Box 624, Port Even.

March 14—Barry Chester to Mr. and Mrs. Burdette Carl Hart, 114 Tremper Avenue.

March 15—Leigh Ann to Mr. and Mrs. Edward George Kiernan, Williams Street, Saugerties.

March 16—Howard David to Mr. and Mrs. Howard Joseph Humphries, Box 162, Lake Katrine; Patricia Lou to Mr. and Mrs. Louis Francis Carpino, 21 East St. James Street, and Brian Edward to Mr. and Mrs. Mac Joseph, P.O. Box 71, Upper Hook Road, Rhinebeck.

March 17—Lisa Lynn to Mr. and Mrs. George Bennett Johnson, 8 Hemlock Street, Town of Ulster; Francis James Jr. to Mr. and Mrs. Francis James McCordle, 99 Henry Street; Eric William to Mr. and Mrs. Joseph Peter Genthner, 8 Mountain Road, Rosendale; Barbara Elizabeth to Mr. and Mrs. Francis William Genthner, R.D. Box 303, Ulster Park; and Sandra Heidi to Mr. and Mrs. Manuel B. Lipton, 38 Linderman Avenue.

March 18—Ernest Herman to Mr. and Mrs. Charles Van Wageningen, 29 Liberty Street.

March 19—Star Grace to Mr. and Mrs. Vincent R. Berzal, Malden-on-Hudson; and Emily to Mr. and Mrs. Jay L. Wenk, Mt. Tremper.

Farmers Are Told Early Hay Cutting Can Save Money

ITHACA, N. Y. (AP)—Dairy farmers were told today they can save hundreds of dollars a year by cutting their hay early.

Prof. Kenneth L. Turk of the New York State College of Agriculture at Cornell told of experiments in which cows have produced as much as 30 per cent more milk on early-cut hay.

In a talk prepared for delivery during the 48th annual Farm and Home Week at Cornell, Turk said that early-cut forage tastes better, is digested easier and has more energy value for cows.

"It's not uncommon," he said, "to see high-producing cows eat almost twice as much early-cut as late-cut hay."

Prof. Turk conceded that early harvesting sometimes means problems with the weather and difficulties in curing. But it is important, he said, to balance against this the amount of concentrate the farmer can replace in the cow's ration by early-cut forage.

In another talk today, a Genesee County farmer who has five full-time workers on his payroll told how he gets and keeps farm help.

Robert V. Call Jr. of Batavia said:

1. A good farm manager should have at least one employee so the manager can do the more skilled jobs.

2. A farm manager—or operator—should not expect his hired man to do more—or even as much—as he, himself, would do.

3. The more experienced and dependable employee, in almost all cases, is the "lowest cost employee." The longer one man works on one farm, the more valuable he becomes.

4. A hired man with good background and experience should get wages, housing, privileges and benefits comparable to other jobs.

Farmers, Call said, should "not attempt to hire a man as cheap as they can. They should offer wages that will attract a top quality man, for in the long run this will be the lowest cost man."

Boy, 11, Drowns

NIAGARA FALLS, N. Y. (AP)—Three persons dived into frigid Cayuga Creek, but were unable to save Howard Booz Jr., 11, from drowning Tuesday.

The boy apparently fell into the creek while playing alone. Two youths heard his cries for help, dived in but could not find him. A passing motorist also tried and failed to find him.

Booze was the son of Mrs. Cora Ford of Buffalo by a previous marriage. He had been visiting his grandfather in this city. Firemen recovered his body.

Gets State Post

NEW YORK (AP)—Atty. Benedict L. Miller was named as administrator of the Rochester district office of the State Workmen's Compensation Board Tuesday.

Miller, of Rochester, is a Republican. He succeeds Stephen Joy, a Democrat who replaced Miller in the \$11,246-a-year post two years ago.

Son, 16, Charged With Shooting Farmer, 44

WEST EDMESTON, N. Y. (AP)—A 44-year-old farmer was shot to death Tuesday night and a short time later state police arrested his 16-year-old son.

Stephen Girard was charged with first-degree manslaughter.

Troopers said the boy told them he fired five bullets from a .22 caliber rifle into the body of his father, Ferdinand Girard, after an argument over farm chores.

The shooting occurred on the family farm near this hamlet approximately 30 miles south of Ulster, police said.

Young Girard was arraigned before Peace Justice Michael Paretta of Canastota, who ordered the boy held for grand jury action.

Children Slain, Mother Is Found Heavily Drugged

HIBERNIA, N.J. (AP)—Two children were found slain Tuesday, their bodies swathed in a blanket and jammed in a clothes basket. One had been bludgeoned to death.

The victims were Katherine Church, 2, and her brother Kenneth, 6 months, children of Mr. and Mrs. Brooks Church. The bodies were found by Robert Burdge, captain of the Hibernia rescue squad.

Note Implicates Mother

Police Chief Ernest Powers of Rockaway Township said early today Burdge had given police a sworn statement alleging that Ellen Church, 38, the mother, told him she killed the children and disclosed where she put the bodies.

No charges have been placed against Mrs. Church, who was found by her husband in their home, heavily drugged.

Church, a microbiologist for the Warner-Lambert Pharmaceutical Co. in Morris Plains, told police he came home from work to find his wife and two other children, Elizabeth, 14, and Stephen, 9, under the influence of drugs. The scientist said he spent the next three hours trying to find his two youngest children and trying to keep his wife away from the other two.

At 9:30 p.m. police received a telephone call. They say they think it was from Mrs. Church. The rescue squad found the two dead youngsters in a playhouse some 50 feet from the Church's rural home.

Others Naused

Mrs. Church was taken to St. Clare's hospital in Denville and placed under police custody. She told hospital authorities she had taken "some pills."

Katherine was bludgeoned to death by a blunt instrument. An autopsy was scheduled for both children. The other children were nauseated but otherwise unharmed.

Powers said Mrs. Church would be examined by a psychiatrist. Church was questioned by police and released.

after a long series of legal actions instituted by Billingsley in courts and before state agencies. He also used counter-pickets at times, and made numerous moves for public sympathy.

Gavagan's ruling was on an application for an injunction filed by Billingsley Feb. 20. Billingsley contended the picketing was illegal.

A date for a hearing on the issue of a permanent injunction is expected to be set soon.

Waiters and kitchen help walked out and the picketing started after a butcher was fired. Billingsley said he fired the butcher on recommendation of the chef. Union leaders contended the firing was for union activity by the butcher.

TOO MUCH BOAT OR NOT ENOUGH GARAGE — Henry Gonserkevis works on the 36-foot cabin cruiser which he is constructing in a garage near Mantau, N. J. There was only one hitch—the garage is only 24 feet long and Henry

Drivers Pay \$80 In Court Fines

Ten drivers paid \$80 in fines in city court last night on traffic charges.

Howard I. Coon, 22, of 500 First Avenue, was fined \$15 on a charge of speeding and \$5 on a stop-sign count, and James P. Gallo, 22, of Box 212, RD. Kingston was fined \$15 for speeding.

Paul C. Gardner Jr., 16, of Hillside Terrace, charged with driving after dark with a junior operator's license, was fined \$10.

Fined \$5 each for passing red traffic signals were Charles J. Cosme, 29, Appletree Drive, Saugerties; Louis Kline, 58 West O'Reilly Street; Wallace F. Sheridan, RD. 3, Saugerties; William Joseph Gavis, 66 West Chester Street, and John F. Wolven, 137 Jansen Avenue.

Raymond Navara, of 50 Navara Street, was given a suspended sentence on the charge that he possessed an unregistered trailer, and Meyer Weiner, of 124 Lucas Avenue, also drew a suspended sentence on the charge that he drove with inadequate lights. Thomas Joseph Alecca, 167 North Street and Helen Logren, of 150 Third Avenue were fined \$5 each on stop-sign charges.

William Donovan, 55, and Frank B. Riddle, 56, who, police said, have no homes, arrested on charges of public intoxication and petit larceny were each sentenced to 30 days in jail. They are charged with having taken shirts from uptown stores.

Holy Observance Of Good Friday Asked by Mayor

Mayor Edwin F. Radei today issued a statement in behalf of solemn observance of Good Friday.

"Christian churches and their parishioners throughout the world," he said, "are joining this week in the religious services commensurate with Holy Week. Through the week in the prayers and services, the progression of events that led to Christ's crucifixion on Calvary, and the resurrection on East Sunday, are recounted and relived.

"Good Friday is a day especially set aside for solemn observance in memory of the first great sacrifice, and I ask all Christian citizens of our city to join with me in observance of Good Friday by special prayers and visits to respective places of worship."

No Explanation

Editor, The Freeman

My sincere appreciation for the spirited editorial appearing in the March 21st edition of the Kingston Daily Freeman, headlined, "Holes In The Streets."

Unbiased public criticism is certainly a criteria in the formulation of Public Works policies which will tend to render our citizens the ultimate in service within the realm of budgetary limitations, available personnel and equipment.

To this end, this Department has been sparked into a newer incentive: at best—break even with Mother Nature's Handicap. Understandably so, people are not interested in what caused the pits in the streets, or in any of the other excuses. To those intelligent with a sound sense of reasoning, patience and understanding, no explanation is necessary, to others, no explanation is possible.

Very truly yours,
PUBLIC WORKS DEPT.
City of Kingston
CHARLES J. COLE
Superintendent, Prov.

Editor's note—If you are not an intellectual with a sound sense of reasoning, patience and understanding no explanation is possible for the present condition of the city streets, so says the author of the above missive.

To those of us who don't profess to be endowed with intellectual faculties, but who do operate motor vehicles, we don't want any explanation. Just eliminate the ruts, bumps, declivities and pits in the streets.

Mr. Cole undoubtedly sees some partisan motivation in the comment on the terrible condition of the city streets. However, even if this were true, this does not make the criticism less valid and above all it does not fix the streets, that badly need fixing. Let's forget about poor old "Mother Nature" and any and all other excuses and fix the streets.

Modena

MODENA—Today is the date of the annual pre-Easter trip to New York City, by ladies from this and nearby communities, by chartered bus. A number of interesting places will be visited.

Holy Week services are continuing throughout Modena, Clintondale, New Paltz and Gardiner, ending with Communion services at the Reformed Church, New Paltz, Good Friday, Easter sunrise services, including the Sacrament of Communion, at the Modena Methodist Church will be followed by an Easter breakfast served in the Hasbrouck Memorial Hall by members of the Methodist Youth Fellowship.

The Modena School will reopen Wednesday, April 1, after being closed for the Easter vacation period. A number of scholars have been absent owing to illness.

Mrs. William Decker will be hostess to the members of the Woman's Society of Christian Service of the Modena Methodist Church Thursday afternoon, April 2, at 2:30 p. m. Mrs. Joseph Simmons of Ireland Corners will lead devotions.

The annual election of officers will be conducted by the Modena firemen, at their next meeting to be held Thursday evening, April 2, at 8 p. m. at the firehouse. A report will be given of the meeting of the Ulster County Volunteer Firemen's Association, at Hasbrouck Memorial Hall, March 17. It was attended by 100 firemen, representing 27 fire departments in Ulster County.

Mr. and Mrs. Louis Pagentine and daughters were among 50 relatives entertained by Mr. and Mrs. Mario Pagentine at a reception and supper recently at their home on the Little Britain Road, following the christening of their son, Louis Joseph, at St. Patrick's Church, Newburgh. Mr. and Mrs. Louis Pagentine are godparents of the baby.

Mrs. Tony Mouzithras was visited by friends from Elmira and Port Jervis, Saturday.

An Easter Message

We believe that Jesus Christ is true God begotten of the Father from eternity and also true man, born of the Virgin Mary. He is our Lord Who has redeemed us through His sufferings and death on the Cross. On this we meditate especially during Holy Week.

His Sacrifice was accepted by the heavenly Father as atoned by the Resurrection of Christ on Easter. This is the true foundation of our Easter joy.

We now find in Christ a complete satisfaction before our God, the motivation for godly living, an anchor in the hour of death, and a certain hope of everlasting life.

We invite all to find rest for their soul in Him.

SPORTS

By CHARLES J. TIANO

There is an old saying in major league baseball that once a player is removed from the gray pinstripe flannels of the New York Yankees, either by trade or release, he is never the same.

What is true about the Yankees today was true many years ago of the original Kingston Colonials, many of whom will be in town April 2 to do honor to their manager, Supreme Court Justice Harry E. Schinck.

Maury McDermott of Poughkeepsie, father of a son who pitched major league ball, typifies the nostalgia and warm sentiments of the "original" Colonials.

In a recent letter to the department, McDermott wrote: "In all the years I have been connected with baseball, none has given me the same feeling as the privilege of being a member of the Kingston Colonials, which was the finest semi-professional team that the Mid-Hudson valley ever saw, or ever will see again, in my personal opinion."

Replaced Bobby Coyle:

"I had the pleasure of playing first base on that team after Bobby Coyle sprained his ankle," says McDermott, "and also pitched a few games for them. Our overall record one year was 52 victories, 18 losses and 2 ties and this was accomplished against the finest semi-pro teams in the eastern part of the country."

McDermott describes his greatest thrill as a Colonial "the game that Bud Culliton pitched against the Pittsburgh Pirates when they had Joe Cronin as rookie shortstop, Pie Traynor and an outfield composed of Lloyd and Paul Waner and Kiki Cuyler. The Colonials defeated the Pirates and the lone run off Bud was a home run by Cuyler, the final score being 6 to 1."

JIM CROW PASSED BUCK:

Sharing the spotlight with the original Colonials will be a fabulous Negro catcher, who was the victim of baseball's Jim Crow laws in the era the Colonials flourished. He was a redoubtable competitor, the toughest hitter the Colonials ever faced. He was Buck Ewing.

Had nature given Buck Ewing the Caucasian color, the strapping 6 foot 3 star might have gone down in baseball annals as the best catcher of all time. Now a 56-year-old worker for the Cushing Stone Co. of Schenectady, Ewing remains the best backstop in the memory of the Negro National League, Cuban Winter League and Mohawk Giant.

Buck, who could handle the fastest pitcher like a baby and throw strikes to second base while on his haunches, estimates he played in 3,750 games in a span of 25 seasons from 1919 through 1944.

Ewing swung a wicked 36-ounce bat and smashed 40 homers and a .373 batting average for the Pittsburgh Homestead Grays in 1930. Buck played four years in the league, caught the legendary Satchel Paige and was his room-mate while galloping around the Cuban Winter circuit in 1929.

"Old Satchel had the fast ball, high or low," Ewing recalls, "and she came through like an aspirin tablet. He needed nothing else, but of course he did raise Cain with that hesitation pitch."

George Earnshaw was the best pitcher Buck ever faced. "I struck out twice, but got a bunt single."

REFUTES THE MCGRAW MYTH:

Ewing gave the lie to the tale that John McGraw, manager of the New York Giants, tried to sneak him into the National League as a Cuban. "Mr. McGraw was a gentleman and a friend," says Ewing. "He wouldn't think of a trick like that."

Born Jan. 31, 1903, in Massillon, Ohio, home of the famed high school football teams under Paul Brown, Ewing played halfback for the scholastic team that Brown, too small, couldn't make.

Despite missing the chance to earn big money in the majors, Buck Ewing isn't bitter. Baseball provided him a living and fun for more than 25 years. He's just glad that Jackie Robinson paved the way for others of his race.

"I quit when the old legs started to go," says Buck, "but I never regret being a ball player, majors or no."

Don Suman quits as Rice coach

HOUSTON, Tex. (AP) — Don Suman says he is quitting as basketball coach of Rice and indications are that the job will be offered to Abe Lemons, for four seasons coach of Oklahoma City University.

Suman said Tuesday he had asked that his duties be reassigned. But Athletic Director Jess Neely was not available for comment.

Lemons said at Oklahoma City that he never looks for a job "but anybody would like to improve himself." At Oklahoma City University Lemons has had teams in the NCAA playoffs or National Invitation Tournament three years.

Pine Plains AC, Germantown Five Are Eliminated

Despite the absence of three regular performers, the New Paltz Jays advanced to the quarter-finals of the Sixth Annual Kingston Basketball tournament by beating the Pine Plains A.C., 55-43, last night at the Municipal Auditorium. In the other encounter, Balotin Rx of Ellenville nipped Germantown, 60-56.

A top notch twinbill is scheduled Thursday as the lower bracket teams continue their action. In the 7 p. m. opener, the deflated Pine Plains Bombardiers, who only Monday night lost their first game of the season, meet Balotin. The Kingston Stars will play New Paltz in the second attraction and it promises to be a good one.

High scoring Tony Gamboli was out with a bad ankle, Harvey Henry, the sensational freshman cager, was sick and Don Maher, the only big man in the New Paltz lineup, was not available last night. However, the sick Jays used some good teamwork to beat their taller opponents.

Never Trilled

Milo Dalbey had hot hands in the first quarter and he made 11 points to move his club to a 20-11 lead. It was never behind though the losers threatened on three or four different occasions.

Chic Hernandez made 12 foul shots in the last period to keep New Paltz a safe distance ahead. He finished with 24 points to snare high scoring honors. Dalbey had 13 and Frank Coulard, the Newburgh flash, played a flawless floor game.

Walter Shook had a pair of baskets and seven free throws to lead the losers with 11 points. Werner Wustrau, the former Kerhonkson ace, teamed with Pete Anderson of Ellenville, Joe Dallao, who saw service this year with the New Paltz Teachers, and Bob Lake to ruin Germantown, which featured Bob Van Ness, the 250 pound Hudson High School ace.

Balotin led all the way but the losers tied the contest twice in the last few minutes, only to fall behind again. Fouls hurt Germantown as four starters fouled out.

Wustrau caged 14 points including eight straight from the free throw line. Anderson and Dallao made 12 each and Lake had 11. Cliff Hughes scored 11, Nels Johnson, Reg Gardiner and Bill Foster 10 each for the losers.

State's First Nine-Race Day To Attract 33,000 to Jamaica

By JOHN CHANDLER

Associated Press Sports Writer

NEW YORK (AP)—The first of 1,944 races on an expanded New York thoroughbred racing season, welcomed by Gov. Rockefeller for its additional revenue possibilities, got under way today at Jamaica.

The first 9-race programs in the state's thoroughbred racing history were designed to help enrich the treasury, and a crowd of 33,000 was expected to turn out for the opening day which features the \$15,000 Inquisitor Handicap. Fair weather with temperatures near 60 were forecast.

Kentucky Pride, from the Calumet Farm, was the Inquisitor favorite.

In addition to adding one race on the daily program, there will be 216 days of the sport instead of the 210 of last season. Rockefeller's budget advisers estimate the state will collect an additional \$1,500,000. In 1958 New York flat tracks drew 4,732,655 customers, with the parimutuel turnover hitting \$415,571,574. The state got \$44,630,097.

Nine were entered for the 5 1/2 furlong Inquisitor, a fill-in race added by the New York Racing Assn. Jamaica was to have opened March 25, and the regular stakes program was set with the \$25,000-added Swift Stakes as Saturday's main event.

The Brookfield Farms' Isendu, with 117 pounds, is next, making his 1958 debut. The Elkeam Stable's Hubcap packs 115, John J. Monaco's Tinkalero, 113; Georgiana Foster's Viscount, 112; Natalie Lynch's Nan's Mink and C. M. Kline's Veego, 110; and Sidney M. Barton's Greek Star and Louis J. Rittner's Optquest, 109 each.

This is not only New York's longest racing season, and earliest—but the year will see the unveiling of the 33 million dollar "dream" track at Aqueduct. No opening date has been set for Aqueduct, which will be the biggest and most modern plant in the country.

The Jamaica meeting, running through May 9, features 3-year-old colts preparing for the Kentucky Derby in May.

Saturday's Swift Stakes is the first for the derby horses, and will bring out the Brookfield Farms' Intentionally who upset First Landing in the Belmont Futurity last year. Intentionally later won

Kingston Junior Division Tourney to Start Monday

Pairings for the Junior division of the Kingston Basketball tournament have been made known by Dick Case, co-director of the event. The tourney will have six strong teams and will start Monday, March 30 with a double-header.

Ellenville will play Kendall Oil of Kingston in the first game and Albany and the Pine Plains Junior Bombardiers will collide in the second tilt.

The winner of the Albany-Pine Plains tilt will face Royal Grill of Kingston on Wednesday, April 1, 7 p. m. The Ellenville-Kendall Oil victory tangles with Amsterdam at 8 p. m. on the same night.

The finals will take place Thursday, April 2 with the consolation starting at 7 p. m. and the championship tilt scheduled to start at 8 p. m.

Rosters of all teams are not yet complete but the Amsterdam club is composed of the high school players that finished third in the powerful Class A league in the Albany-Schenectady-Amsterdam area. Standouts are Dave Santos, Len Bush and Don Safran.

Don Drysdale Feeling Fine, Spahn, Law Go the Distance

By JIM KENSIL
Associated Press Sports Writer
Don Drysdale's "tired elbow" is wide awake.

It never took a rest Tuesday as the 22-year-old Los Angeles right-hander pitched nine shutout innings and the Dodgers upped their exhibition record to 10-3, best in the majors.

The Philadelphia Phils were the victims of Drysdale's 1-0 performance, a five-hitter at Saratoga. The Phils got only two runners past first base after the fourth inning, and although the Dodgers got only three hits, a double by Wally Moon and a triple by Jim Gentile in the fourth inning were enough. It was the first complete spring game by a Dodger pitcher in three years.

When Drysdale flopped at the start of the 1958 season some said it was nervousness before "home-town" fans. Don was born in Van Nuys, Calif.

Recently he brushed aside any detailed explanations of his slow '58 start with this statement:

"My arm just wasn't in shape. I used to get tired in the elbow. That's where I feel it when my arm isn't strong. This spring I feel I passed that tired elbow stage early."

Up until Tuesday only Bob Anderson of the Chicago Cubs had gone nine innings, but Milwaukee's Warren Spahn and Pittsburgh's Vern Law made the trip along with Drysdale. No American Leaguer has gone the route.

Real Sharp

Spahn was as sharp as Drysdale, allowing only five hits in a 3-0 victory over St. Louis at St. Petersburg. The 33-year-old left-hander is the highest paid (\$60,000) pitcher in baseball because he can come up with the big one.

Law stopped the much-improved Detroit Tigers 3-1 at Lakeland, as Rocky Nelson, the perennial minor leaguer, chipped in with three hits, including a home run. One of four hits off Law was a homer by Gail Harris.

Baltimore shelled Kansas City 11-3 at West Palm Beach. The Or-

ioles, atop the AL spring standings with a 9-4 record, had 14 hits, including homers by Gus Triandso and Willie Tasby.

Washington hung the seventh straight defeat on Cincinnati, 7-6 at Tampa. Frank Robinson hit a grand slam homer in the Reds' sixth-run eighth after the Senators had finished scoring.

Boxing Bow

The Boston Red Sox nosedive continued at Phoenix where the San Francisco Giants won 10-4. It was Boston's fourth straight loss after winning 10 of their first 11.

Ernie Banks doubled home two runs in an eighth inning pinch hitting role as the Chicago Cubs broke a tie and defeated Cleveland 4-2 at Mesa. Rookie Joe Schaffmuth shut out the Indians on four hits for seven innings.

In a night game at Miami, the New York Yankees landed on rookie Rodolpho Arias of the Chicago White Sox for five runs on seven hits in the fifth inning, the last five in a row. The Yanks won it 6-4 and ended a string of 10 scoreless innings by Arias.

Pitching Worrying Cincinnati Redlegs

By JOE REICHLER
Associated Press Sports Writer

TAMPA, Fla. (AP) — The Cincinnati Reds are being tabbed as the dark horse of the National League but that is bringing little solace to Manager Mayo Smith and General Manager Gabe Paul. They realize that if something isn't done soon about the plight of their pitching staff, the Reds

will be fortunate to finish in the first division.

Ask Smith to evaluate his club and he gives you several stock replies. He leaves it up to you to interpret them.

"It's hard to say whether the club is good, mediocre or bad at this point because we don't know about the pitching. . . . Our pitching is the key. How far we go depends upon that. . . ."

Four Starters

The truth of the matter is that Mayo is worried about his pitching, or lack of it. He has four veteran starters in Bob Purkey (17-11), Don Newcombe (7-13), Brooks Lawrence (8-13) and southpaw Joe Nuxhall (12-11). He has a couple of good looking youngsters in lefty Jimmy O'Toole and righty Orlando Pena.

O'Toole, a 20-game winner at Nashville, is the big hope. But Smith is afraid of the pressure. The way the staff shapes up, Pena and Hal Jeffcoat will be the end relief men. Tom Acker and Willard Schmidt will be the middle men and Bob Mabe may win the No. 5 starting role.

Has Power

Cincinnati has a balance of power, achieved mainly by the acquisition of right-handed hitting slugger Frank Thomas from Pittsburgh. The Reds' batting order lists left-handers Gus Bell, Vada Pinson, Jerry Lynch in the outfield and Ed Bailey behind the plate; with right-handers Frank Robinson at first, Johnny Temple at second, Roy McMillan at short and Thomas at third.

The suspicion is that Thomas, a mediocre third baseman but a good outfielder, will be switched to left field with Bell either peddled to another club or cast in a utility role. In that event, Eddie Kasko, an infield handyman, would take over at third base.

"We should score some runs," said Smith, "but sometimes it can

Golden Gloves Finals Tonight Are In Chicago

CHICAGO (AP)—An Australian and a 17-year-old Louisville high school student may be the show stealers tonight in the Golden Gloves 22nd intercity bout.

The climax of amateur boxing's big jamboree will pit New York's Eastern champions against Chicago's Westerners in a 16-bout program in Chicago Stadium.

Among four bouts to be nationally televised (by ABC) starting at 10 p.m. EST is the lightweight scrap between Tony Madigan of Sydney, a great crowd-pleaser in New York's Eastern finals, and Cassius Clay, Chicago champion from Louisville.

Madigan, 29, is Australian and British Empire amateur titleholder. He has lost only 5 of 99 bouts and twice participated in the Olympics. Clay will try to overcome the spread of experience with a knockout - packed right hand.

Other scheduled three-rounders to be televised include: 112 pounds — Angel Morales, New York, vs. Gil Yanez, Toledo; 147 pounds — Ken Suhovsky, New York, vs. Don Sargent, Minneapolis; 126 pounds — Lloyd Weeks, Brooklyn, vs. Don Eddington, St. Louis.

Giants Get Sam Jones, Give White, Jablonski

ST. PETERSBURG, Fla. (AP) — The St. Louis Cardinals have traded pitchers Sam Jones and Don Chouteau to the San Francisco Giants for Bill White, an infielder, outfielder, and Ray Jablonski, third baseman. The Associated Press learned today.

Jones, 33 years old, had a 14-13 record last year but his earned run average of 2.88 was second best in the National League. Chouteau is a rookie. Both are right-handers.

White was the regular first baseman of the Giants in 1955 and then went into the armed services. When he returned he had lost his job to Orlando Cepeda, 1958 National League Rookie of the Year.

The Giants, with a strong offense, need pitching.

The Cardinals stand to benefit by the trade because they need a right fielder badly. It was believed

they will put White at first base and send Joe Cunningham to the outfield from his post at first.

Jablonski batted .230 in 86 games last year with 12 home runs and 46 runs batted in. White only played in 26 games in 1958 and batted .241, playing mostly as a pinch hitter. He returned to the Giants late in the season from the armed services.

Jablonski started with the Cardinals in 1953, was traded to Cincinnati and to the Chicago Cubs, before going to the Giants. He is 32 years old.

Chouteau, 20, compiled a 12-11 record in 1958. He was 5-4 with Houston in the Texas League and 7-7 with Omaha of the American Assn. He was on the Omaha roster.

The banana is perhaps the largest plant in existence without a wood stem.

Cards' Sam Jones, Going to Giants?

SAN FRANCISCO (AP) — Sad Sam Jones, St. Louis Cardinal right-hander, is being traded to the San Francisco Giants for two left-handed sluggers, the San Francisco Chronicle said today.

The 33-year-old Jones, whose 2.88 earned run average was second only to the Giants' Stu Miller's 2.47 in the National League last year, might be the answer to the San Francisco club's admitted pitching needs.

The newspaper said that outfielder Willie Kirkland, powerful but inconsistent hitter for the Giants, seemed to be headed East in the deal.

The other slugger, it said, would be either first baseman Bill White or outfielder Leon Wagner.

"The Cardinals want White and Wagner but Giant owner Horace Stoneham feels Wagner, who batted .317 in 74 games last year, is too good a prospect," the Chronicle said.

"Others in the Giant family believe Wagner, an uncertain fielder, is more expendable than White, who can also play the outfield."

White played in only 26 games last year and hit .241.

Jones set a league record when he struck out 225 for the Cards in 1958, erasing the club's all-time record of 199 strikeouts by Dizzy Dean in 1933.

Pettit Scores 39, Hawks Win, 127-97

By THE ASSOCIATED PRESS

If the home court advantage holds up—and it's batting a perfect 6-for-6 so far—the Syracuse Nationals will square their Eastern division series with the Boston Celtics in the National Basketball Assn. playoffs tonight.

The Nats trail 2-1 in the best-of-seven scuffling to determine an Eastern NBA champion. But they're the home team tonight and—east and west—narry a visitor has won a game yet.

The St. Louis Hawks followed the pattern in taking a 2-1 lead over Minneapolis in the Western division finals Tuesday night with a 127-97 romp as Bob Pettit rained in 39 points. The three games in the West have followed the "home team" trend without a hitch.

If they keep it up, both will go seven games and Boston will nail the Eastern title at home April 1 and St. Louis will wrap up Minneapolis 4 games to 3 on March 31 at St. Louis.

Bridge Winners Hit 70 Percent

Donald Coleman of New Haven, Conn. and S. Harry Sanger of Woodstock turned in a splendid 70 per cent game to lead a field of 40 players in the Glenelg Bridge Club's biggest tournament to date at the Ridgely Casino in Stone Ridge.

The 70 per cent of the winning tandem was the highest posted in a Master Point game at Glenelg during the last year. The victory came in the North-Side competition. Mr. and Mrs. Warren Briggs of Poughkeepsie played their usual sound game to take first place on the East-West side with a 60 per cent effort.

Second place on the North-Side side went to Robert W. Greene of Woodstock and David Lent of New Paltz. Mr. and Mrs. Kenneth Davenport of Stone Ridge were third. Mr. and Mrs. Harold F. King of Kingston took fourth place.

Runnersup on the East-West side were Mr. and Mrs. John Hoffman of Hurley with Mr. and Mrs. Thomas Brooks of Hyde Park, third; and Mr. and Mrs. Milton Tompkins of Kingston, fourth.

The Glenelg club will hold its regularly scheduled Fractional Point Game at the Ridgely Casino Friday night.

Gomez Hoping For 15 Wins With Phillies

By ED WILKS

Associated Press Sports Writer

CLEARWATER, Fla. (AP) — Ruben Gomez, the Puerto Rican right-hander who puts up a fuss about pitching in cool weather and occasionally pops a batter with a pitch, admits he's a little temperamental.

"Everybody has things they like to do or don't like," said Ruben, who does a pretty good job with English. "I don't like to pitch in cold weather."

"No pitcher does, unless he has a fast ball, and I don't throw so hard. When it is cold you don't break a sweat. I like to have moisture on my hands, so I can control the ball better."

Gomez, a thin guy who stands 6-0 and is listed at 170, admits the December trade that sent him from the San Francisco Giants to the Philadelphia Phillies came as a surprise. Two surprises, in fact. "First I was surprised that they

trade me," he said, "and then I am surprised that they traded me to Philadelphia. I think they traded me to Cincinnati."

"I like this team. I get a chance to learn from that fellow," Ruben added, pointing to Robin Roberts. "I watch to see how he moves the ball around. And if there is some hitter he gets out all the time I watch and maybe I will too."

Ruben, 31, had a 10-12 record last season, his sixth in the majors. He thinks he can win 15 with the Phillies, "if they pitch me regularly so I can get into the groove."

Montreal, Boston Win in Hockey League Playoffs

By THE ASSOCIATED PRESS

Maurice (Rocket) Richard's gloves and the grit and determination of 32-year-old goalie Harry Lumley were the stories behind victories by Montreal and the Bruins in Tuesday night's opening play in the Stanley Cup hockey playoffs.

Marcel Bonin sparked the Canadiens to a 4-2 victory over Chicago and Lumley held Toronto at bay in Boston's 5-1 victory. Both were opening games in the best-of-seven semifinal series.

Richard, out for the past two months with a fracture, watched the Canadiens from the sidelines. When he went into the dressing room to congratulate the team, Bonin sang out:

"Hey Rocket, here are your gloves," he said pointing to a pile of equipment he had just discarded.

"You had better take good care of them," Richard admonished, grinning. He is expected to rejoin the team next week.

Tight Contest

Bonin's two goals broke open a 2-1 contest in which Montreal never trailed after Claude Provost's opening period goal. Goaltie Jacques Plante got magnificent support from his defense, getting only 13 saves. Chicago goalie Glenn Hall rang up 42 as teammate Tod Sloan scored both the Hawks' goals.

Lumley had 32 saves in thwarting Toronto's hopes of continuing their victory sweep. The Leafs won a playoff berth with five straight victories in their final games to beat out New York by one point.

Outdoors TIPS AND TOPICS

- By Chet Joy -

It looks like the April 1st trout opening is going to be official. It has passed both houses and is now awaiting Governor Rockefeller's signature.

Have you changed over that flyrod yet from snake to round flex guides? Additional line shooting yardage is guaranteed by keeping line away from body of rod. This gives outstanding performance in wet weather on big streams like the Esopus.

I thought you readers might like to know that the rainbow taken by yours truly last July 24th is shaping up for an all time record for the Catskill Mountain area. I have taken many big rainbows in the quarter century of fishing the Esopus and other streams, but this one beats them all. In checking with Folkert Brothers of Phoenicia who have sponsored trout fishing contests for a good many years the nearest rainbow to it is six pounds on their records.

Here is the official data from Cecil Heacock on scale readings: length-24 1/2 inches, girth-15 1/2 inches, weight-7 lbs. 3 oz., sex-female, age-5 plus. This fish spent one year in the stream before dropping down to the reservoir inlet. It was a top fast water scrap of about twenty minutes duration, with characteristic rainbow aerial acrobatics. (Heart in the throat action).

Biggest In Area

Needless to say I have mounted this trophy. Further checking with Clay Seagers of the New York State Conservation Department confirms that of many big rainbows from this area that he has checked through the years, this one is by far the largest. Who knows, maybe a little publicity might turn up proof of a larger one?

One of the coldest winters we have had with deep frost are setting up conditions for a fast runoff in the Catskills. Even a moderate two inch rain could result in flood conditions now. A slow continued thaw for the next couple of weeks without rain would help streams measurably. I am keeping my fingers crossed on the erosion conditions near the dike at Mount Pleasant on the Esopus, and other stream bends. There is one ray of light shining however, Commissioner Wilm is hopeful that additional funds for stream improvement will be forthcoming in the near future.

Tigers Believe Kuenn Can Win Batting Title

By DAVE DILES

Associated Press Sports Writer

LAKELAND, Fla. (AP)—In the space of one season, Harvey Kuenn mastered a new position. Now the Detroit Tigers believe he is ready for something bigger—the American League Batting championship.

Only 28, the ex-bonus player from the University of Wisconsin has been a big league player for six seasons.

Kuenn, always among the leaders in hits and doubles, has a lifetime batting mark of .308. In 1956 he hit at a .332 clip.

His average nosedived 55 points and his RBI total fell off 50 per cent in 1957, the year the husky blond was panned for his fielding at shortstop. It is a position he had played all his life and he made the American League all star team there five times.

Stanley R. (Bucky) Harris had suggested two seasons before, when he was Tiger manager, that Kuenn would be better off as an outfielder.

Trouble was the Tigers had no one to take over at short. The 1958 season was the one of great experiment for the Detroit club. Billy Martin took over at shortstop, a position he had seldom played. Kuenn moved to center.

The Martin move was abandoned late in the season, but Kuenn remained in center. His fielding was shaky at first, but before the campaign was half over, the comment around the circuit was all in his favor.

Now, says General Manager Rick Ferrell, Kuenn can play the position with any of them.

Players Fire J. Norman Lewis As Legal Aid

By ED WILKS

Associated Press Sports Writer

TAMPA, Fla. (AP)—J. Norman Lewis became the legal representative for the major league baseball players six years ago despite the belligerent opposition of the club owners. Today, the New York attorney has lost the job because of his own belligerence toward the owners.

Lewis was given the ax here Tuesday at a meeting of the 16 player representatives. They announced they now have more need for a public relations representative—an agency man to handle endorsements and similar matters—than an attorney.

The representatives, after a day long meeting, took back to their respective clubs a proposal to set up a central office in New York with Frank Scott to act as their representative. Scott already has served as an agent for numerous players.

Lewis himself made the announcement that his contract, which calls for \$20,000 a year and expires March 31, had not been renewed.

He told newsmen: "The players believe that by reason of the achievements they already have accomplished, they no longer need a permanent attorney under contract."

"But we felt," said one representative, who declined use of his name "that he had become too belligerent toward the owners."

Calder Cup Play Starts Tonight

By THE ASSOCIATED PRESS

The Buffalo Bisons, wire-to-wire winners during the regular season, try for the big double starting tonight in the American Hockey League Calder Cup playoffs.

The Bisons, regular season champions and out of first place only one day during the title run, meet third-place Rochester at Buffalo while fourth-place Hershey is at second-place Cleveland in the opener of best-of-seven semifinal series.

General Manager Freddie Hunt will run the Buffalo club in the absence of Coach Bobby Kirk, who was hospitalized last week because of a nervous disorder. The Bisons' regular goalie, Marcel Paille, is expected to be able to play although he suffered a cut over his left eye in the last regular season game Sunday.

Rochester, which came with a rush toward the end of the campaign, has the AHL's leading scorer in rookie Billy Hicke and a top scoring line of Hicke, Rudy Mugay and Gary Aldorn.

Cleveland, which has won eight of the previous 22 Calder Cup playoffs, will be concentrating mostly on stopping Hershey's Bob Solinger. The veteran already holds the league playoff record of 36 goals. He also has 46 assists for 82 total points in playoff competition. The records in these departments are 53 assists and 85 points by Fred Thurier.

Directors Chosen To Serve Again At C-H Meeting

Approximately 230 common stockholders of the Central Hudson Gas and Electric Corporation were in attendance Tuesday at the annual meeting of stockholders in the utility company's Poughkeepsie general office. Of the outstanding shares of common stock eligible to vote at the meeting, 2,675,799 or more than 79 per cent were represented in the voting.

Re-elected directors at Tuesday's meeting to serve for the year were: Ernest R. Acker, president and general manager; Peter Cantline, Newburgh; Fabian L. Russell, Saugerties; C. B. Schmidt, Poughkeepsie; William J. Mair, Poughkeepsie; Henry D. Sherwood, Pine Plains; Roy C. Ketcham, Fishkill; Lelan F. Sillin Jr., vice president and assistant general manager; and John Wilkie, vice president and treasurer.

Presiding at the meeting was Ernest R. Acker, company president, who introduced members of the company's Board of Managers to the gathering and answered stockholders' questions concerning the company's business.

Business Students Attend
The stockholders were shown a 30-minute color slide film highlighting the company's progress during 1958 in terms of residential, commercial and industrial growth of the Central Hudson Valley.

In attendance at this year's meeting was a class of 24 students from Orange County Community College at Middletown. The students, members of a business organization class at the college, put aside their textbooks for a day to get a stockholder's view of a corporation's annual meeting. The students were provided with copies of the company's annual report for 1958 for study well in advance of the meeting and following the meeting they were given a briefing on corporate management practices and then visited the company's system operator's office and machine accounting and billing departments.

Most of the sources of the River Jordan and much of the stream itself lie outside Israel.

PRINCIPALS AT PRODUCTS EXHIBIT — An exhibit featuring the products and processes of manufacturing of several representative industries was featured at a recent dinner meeting of the Kingston Industrial Management Club. (l-r) Hadley Williams, New York Telephone Company; William Ryance, William Ryance & Sons; Ernest Slaney, Ferroxcube Corp. of America; Robert O'Loughlin, International Business Machines Corp.; George Sheldon, first vice-president and arrangements chairman for the exhibit; Thomas Turck, Hutton Brick Co., and Robert Hedsel, Kingston Knitting Mills. The dinner was held at Casablanca Restaurant, 602 Broadway, and the exhibit at the YMCA. (Photo Workshop photo).

Collapsed Plant Ruins Searched For Two Workers

OKLAHOMA CITY (AP) — Searchers sifted through the ruptured interior of a meat packing plant today looking for two workers believed missing in a freak disaster which claimed five lives.

Five workers died Tuesday when an ice house atop the seven-story brick building collapsed. It ripped huge holes in each floor in its dive to the basement. Sixteen other workers were injured.

Tons of rubble and meat were piled at the base of the building. The stinging aroma of ammonia was prevalent as the searchers continued their task.

Company officials said they are fairly certain the missing men are buried in the debris and presumed dead. They were identified as Claud Wilkinson and James McIntosh.

Scores of lives were saved when seconds elapsed before each floor section gave way. Workers said they heard muffled rumbles similar to an earthquake and scurried to safety.

Orange, Ulster Poultry Farmers Organize Group

MIDDLETOWN, N. Y. (AP) — Poultry farmers of Orange and Ulster counties met Tuesday night and organized the Southern New York Poultry Assn.

William Tollman, Orange County assistant agricultural agent, attended the meeting. He said the purpose of the group was to promote the exchange of ideas among poultrymen, provide representation to other farm groups, and give members an official voice in important matters arising at Albany.

Poultry farmers of the two counties marketed five million dollars worth of products last year, Tollman said.

Pickets to Return In Mine Strike Union Announces

WHITESBURG, Ky. (AP) — Union officials indicated pickets would be on hand again today at a Letcher County mine in the wake of action that resulted in the National Guard being alerted.

Gov. A. B. Chandler alerted the Guardsmen Tuesday after 15 state police used shotguns and machine guns to hold back some 1,200 pickets.

The United Mine Workers of America, striking in six eastern Kentucky counties for a \$2 a day pay raise to \$24.25, told Chandler mass picketing at the Roland Price mine near Colson would be discontinued.

But Carson Hibbitts, president of UMW District 30, issued a statement later adding, "I've agreed that the pickets will return in a reasonable group. We do feel that Roland Price has armed his employees to defy not only the pickets but the opposition as a whole."

Price has never had a union contract. He said his mine would be open for business.

Hibbitts accepted Chandler's offer to act as a mediator in the strike.

More than 7,000 men have been idled. The strikes started March 9, when contracts began expiring in Harlan County.

Ball Control Will Decide East-West Game

COLLEGE PARK, MD. (AP) — A pair of coaches who advocate ball control offense match wits tonight in an East-West college basketball game.

But don't look for a low-scoring contest.

The 10-man squads coached by Hank Iba of Oklahoma State and Bud Millikan of Maryland include some of the nation's top point-makers, including All American Bailey Howell of Mississippi State (27.5) and Bob Boozer of Kansas State (25.7).

In addition, the coaches would have you know, ball control shouldn't be confused with delaying tactics.

"Ball control is when you set up each man on your team for his most effective shot," Iba said. "It may be after the second pass in your series or it may be on the fourteenth. But it's for setting up your Sunday shot—your best one."

During practice sessions this week Iba had the West working on ball control, but at the same time told each player to "do what you like."

Millikan, who played for Iba at Oklahoma A&M (now Oklahoma State) in 1938-41, also urged his East players to "take your best shot."

The probable starting lineups: East: Lou Pucillo, North Carolina State; Al Seiden, St. John's (N.Y.); Gene Tormohlen, Tennessee; Bailey Howell, Mississippi State; and Cal Ramsey, NYU.

West: Roger Wendel, Tulsa; Don Matuszak, Kansas State; Joe Ruklick, Northwestern; Bob Boozer, Kansas State; and Tom Hawkins, Notre Dame.

100 Saved Daily

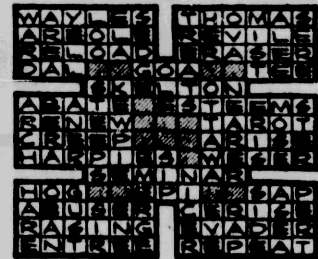

Every day in the year, more than 100 men, women and children are saved from cancers that would have killed them ten years ago. But thousands are still dying needlessly, according to the American Cancer Society. A yearly checkup is the best protection.

ABC Action Limited To Booster Division

ST. LOUIS (AP) — Leaders in the American Bowling Congress Tournament probably will sleep a little easier the rest of this week. During the remainder of Holy Week, the ABC schedule has been reduced sharply and unlike the first 39 days of the event, there will not be five to seven hundred bowlers trying to surpass the leaders' scores every day.

Most of the action this week will be limited to booster division teams, which average less than 850 in league play. A few open division clubs are scattered through the schedule, but few have the potential to challenge the leaders.

Tuesday's play failed to produce a threat to the top 10 in division.

\$28,000 Verdict Is Returned in '57 Death Action

A \$28,000 verdict was returned in a death action Tuesday in Supreme Court by the jury which heard the evidence in an action brought by Anthony Malaspina, formerly of Shokan, against Stephanie W. Gilbert, Harrison, and another, an action to recover for the death of 12-year-old Peter A. Malaspina.

The action arose out of an accident on April 15, 1957, when Peter, riding a bicycle, was struck by the car operated by Stephanie W. Gilbert, then 16 years old and operating the car under a junior license. Peter, a student at the Ontario school at the time, died shortly after the accident which took place on Route 28, three or four miles west of Shokan. The Malaspina family now reside in Brooklyn. Raymond J. Mino appeared for plaintiff and Roy Featherstone for defendant.

BUYS FIRST TICKET FOR ALBRECHT TESTIMONIAL — Robert F. Browning, local newscaster, once chosen as "Citizen of the Year" by Joyce-Schrick Post 1386, Veterans of Foreign Wars, buys first ticket for testimonial dinner May 5 honoring Edward H. (Yank) Albrecht, the 1959 choice of the VFW. Browning, a World War I infantry lieutenant, who lost his left arm in France, buys his ticket from Leslie L. Munson, a past commander of the local post which is sponsoring the dinner at the Governor Clinton Hotel for Albrecht, who retired December 31 as a captain of the Kingston Paid Fire Department, after 43 years service. The VFW is taking special cognizance of his work among youngsters of the area, especially those with cerebral palsy. (Freeman photo).

Teachers Convention Is Slated Monday, April 6

TEACHERS Convention HD-JH — The Ulster County Teachers Association will hold a spring conference, Monday, April 6 at Ellenville Central School.

Urges Attendance — Local Leaders — John Gardiner, NYSTA, chairman, urges all local association presidents, officers, delegates, zone officers, committee members and local school administrators to attend this workshop.

The three district superintendents will hold meetings for all personnel following lunch in the Ellenville Central School cafeteria. Association officers include Clark Bloom, Ellenville, president; Mrs. Selma Streifer, New Paltz, first vice-president; Frank Ott, Highland, second vice-president; William Kronenberg, Ontario, recording secretary; Roland Hamel, Marlboro, corresponding secretary, and Mrs. Marcia Krom, Rondout Valley, treasurer.

A business meeting will be included in the conference and officers will be elected.

Six Workshops Set — In addition to books and other exhibits, several member schools are setting up their own in such areas as the teaching of science, high school mathematics and other subjects.

The executive committee of the association has planned six workshops as follows: Legal Services — Morris Kaufman, Ellenville, director; Joseph Kenny, member of the board of directors, New York State Teachers Association, guest speaker.

Public Relations — Mrs. Mary Cawston, Ontario, will present a panel discussion moderated by Clayton Rose, New York State Teachers Association director of public relations. Serving on the panel will be John Moehle, district principal Ontario Central Schools; Richard Shell, Rondout Valley board of education, and Miss Ida Besdesky, a teacher at Ellenville High School.

Professional Practices and Ethics — George Fernandez of the Board of Cooperative Services; Miss Zoraida E. Weeks, director of professional services, NYSTA, speaker.

Retirement — Jack Kroh, Marlboro Central School, chairman; C. B. Murray, executive secretary New York State Teachers Retirement Board, will speak.

Salary Committees — Francis

Schatzel Elected VFW Commander

George Schatzel, of 14 Spruce Street, was elected commander of Joyce-Schrick Post 1386, Veterans of Foreign Wars, at a meeting held Tuesday evening at the post home.

At a recent meeting of the post auxiliary, Mrs. Jacob Senor, of 35 Grove Street, was named president.

Other Officers

Schatzel succeeds Francis H. Kolts. Other officers include William Watts, senior vice-commander; Thomas Hughes, junior vice-commander; Donald Robbins, quartermaster; Raymond J. Mino, judge advocate; Dr. George Braunstein, surgeon; the Rev. James Dunnigan, chaplain. Kolts was elected a trustee for three years.

Serving with Mrs. Senor in the auxiliary are Mrs. Russell Fallon, senior vice-president; Mrs. Robert Davis, junior vice-president; Miss Mary Ann Richards, chaplain; Mrs. Howard Shultis, treasurer; Mrs. Andrew Dykes, conductress, and Mrs. George Loeffler, guard.

Installation April 14

Mrs. Shultis has served five consecutive years as treasurer and members voted to award her a special service pin in recognition of her faithful service. Mrs. Francis Kolts also will receive a special pin for service at an installation ceremony scheduled April 14.

The local VFW post last night began a concerted effort to protest the scheduled closing of 40 beds at the Castle Point Veterans Administration Hospital in July.

All members were given stamped post cards with a message to Congressman J. Ernest Wharton protesting the closing, and were requested to seek signatures from friends.

Lane Requests Help

Past Commander Sidney Lane, chairman of the protest drive, urged "all residents of Ulster County to send a letter to Congressman Wharton, expressing their disapproval of the closing."

of the beds.
Lane said the proposal will have a tremendous effect on veterans of this area, some of whom are now awaiting admittance to the Castle Point hospital "which is only operating at 50 per cent of capacity."
Half of the beds already have been closed, he noted, "and it is feared that the entire hospital may be closed, denying our veterans the care they need."

The answers to everyday insurance problems* by **HERMAN J. EATON, C.L.U.**

QUESTION: What would you say are the important things to consider when selecting an insurance agent?

ANSWER: Honesty and integrity are important but most people are pretty honest so probably knowledge of the business should be your first consideration. Insurance has become pretty complex and an agent who knows his business can be of great help to you.

* If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be **NO CHARGE** or **OBLIGATION OF ANY KIND.**
